*The New Pan-Americanism and the Structuring of Inter-American Relations* Juan Pablo Scarfi, David M. K. Sheinin, 2022-03-16 What is Pan Americanism People have been struggling with that problem for over a century Pan Americanism is and has been an amalgam of diplomatic political economic and cultural projects under the umbrella of hemispheric cooperation and housed institutionally in the Pan American Union and later the Organization of American States But what made Pan Americanism exceptional The chapters in this volume suggest that Pan Americanism played a central and lasting role in structuring inter American relations because of the ways in which the movement was reinvented over time and because the actors who shaped it often redefined and redeployed the term Through the twentieth century new appropriations of Pan Americanism structured restructured and redefined inter American relations Taken together these chapters underscore two exciting new shifts in how scholars and others have come to understand Pan Americanism and inter American relations First Pan Americanism is increasingly understood not simply as a diplomatic commercial and economic forum but a movement that has included cultural exchange Second researchers political leaders and the media in several countries have traditionally conceived of Pan Americanism as a mechanism of US expansionism This volume reimagines Pan Americanism as a movement built by actors from all corners of the Americas
