Mental Maps Janne Holmén, Norbert Götz, 2021-11-28 The concept of mental maps is used in several disciplines including geography psychology history linguistics economics anthropology political science and computer game design However until now there has been little communication between these disciplines and methodological schools involved in mental mapping Mental Maps Geographical and Historical Perspectives addresses this situation by bringing together scholars from some of the related fields Ute Schneider examines the development of German geographer Heinrich Schiffrers mental maps using his books on Africa from the 1930s to the 1970s Efrat Ben Ze ev and Chlo Yvroux investigate conceptions of Israel and Palestine particularly the West Bank held by French and Israeli students By superimposing large numbers of sketch maps Clarisse Didelon Loiseau Sophie de Ruffray and Nicolas Lambert identify soft and hard macro regions on the mental maps of geography students across the world Janne Holm n investigates whether the Baltic and the Mediterranean Seas are seen as links or divisions between the countries that line their shores according to the mental maps of high school seniors Similarly Dario Musolino maps regional preferences of Italian entrepreneurs Finally Lars Erik Edlund offers an essayistic account of mental mapping based on memories of maps in his own family This edited volume book uses printed maps survey data and hand drawn maps as sources contributing to the study of human perception of space from the perspectives of different disciplines The chapters in this book were originally published as a special issue of the Journal of Cultural Geography

**Contemporary Intellectual Assessment** Dawn P.

Flanagan, Erin M. McDonough, 2022-12-05 In one volume this authoritative reference presents a current comprehensive overview of intellectual and cognitive assessment with a focus on practical applications Leaders in the field describe major theories of intelligence and provide the knowledge needed to use the latest measures of cognitive abilities with individuals of all ages from toddlers to adults Evidence based approaches to test interpretation and their relevance for intervention are described The book addresses critical issues in assessing particular populations including culturally and linguistically diverse students gifted students and those with learning difficulties and disabilities in today s educational settings *Learning and Innovation in Natural Resource Based Industries* Allan Dahl Andersen, Anabel Marín, 2020-06-04 This book develops and articulates a new perspective on the relationship between natural resources and development by foregrounding issues of innovation knowledge and industrial dynamics Despite growing academic attention to the relationship between economic development and natural resources in social sciences the issue has received rather limited attention in the field of Innovation Studies This is problematic given the centrality of innovation and technological change for growth and development Against that background this book makes three contributions Firstly it summarizes and synthesizes existing insights about learning and innovation in Natural Resource Based Industries Secondly it develops new insights based on original research work Thirdly it distils and explains the remaining research challenges in the field Containing important insights for researchers businesses and policymakers this book will be useful to all those with an interest in navigating a natural resource based development pathway This book was originally published as a special issue of Innovation and Development *Youth and Society* Vappu Tyyskä, 2014-01-02 In this essential third edition Vappu Tyyskä examines the challenges faced by today s young people through a critical lens Difficult questions related to such issues as employment education social pressure identity and crime are explored by Tyyskä as she paints a fascinating picture of modern youth in three countries Canada the United States and the United Kingdom The author explores the negative stereotypes surrounding young people and argues that it is time to contextualize our understanding of youth by addressing the underlying social economic and political issues they face Each of the ten revised chapters begins with a list of key learning objectives and ends with discussion questions to aid in the learning process and stimulate critical thinking This new edition incorporates updated statistics comprehensive tables and revised narratives in which the author explores topics pertinent to today s youth such as the influence of social media eating disorders and recent changes to the juvenile justice system *Streaming Video Resources for Teaching, Learning, and Research* Julie A. DeCesare, 2014-03-27 According to a 2012 Ithaka study 80 percent of faculty in the humanities and 70 percent in social sciences use video film and non textual resources for teaching undergraduates Streaming video is not simply an accommodation to distance learners rather it s an expectation for the curriculum and a valuable tool for teaching critical thinking skills analysis and the use of primary sources This issue of Library Technology Reports will help you recommend high quality video resources for faculty and researchers with information on 75 YouTube channels for teaching

learning and research 11 interdisciplinary video and multimedia sites with annotations on features and content 6 open access course collections 5 university channels and collections Using video with Moodle Sakai LibGuides or WordPress Mass market video sites that offer library friendly business models     **Money, Markets, and Monarchies** Adam Hanieh,2018-09-13 Framed by a critical analysis of global capitalism this book examines how the six states of the Gulf Cooperation Council are powerfully shaping the political economy of the wider Middle East Through unprecedented and fine grained empirical research encompassing sectors such as agribusiness real estate finance retail telecommunications and urban utilities Adam Hanieh lays out the pivotal role of the Gulf in the affairs of other Arab states This vital but little recognised feature of the Middle East s political economy is essential to understanding contemporary regional dynamics not least of which is the emergence of significant internal tensions within the Gulf itself Bringing fresh insights and a novel interdisciplinary approach to debates across political economy critical geography and Middle East studies this book fills an important gap in how we understand the region and its place in the global order
