[Handbook on Gender and Health](#) Jasmine Gideon, 2016-05-27 This Handbook brings together a groundbreaking collection of chapters that uses a gender lens to explore health, health care and health policy in both the Global South and North. Empirical evidence is drawn from a variety of different settings and points to the many ways in which the gendered dimensions of health have become reworked across the globe. This collection includes insightful contributions from 56 leading authorities from Africa, the Americas, Asia, Europe and the Middle East, offering a wealth of knowledge, theoretical reflection and empirical detail on the essential elements surrounding gender and health. Topics covered include theoretical approaches to understanding gender and health, migration, sexuality, ageing, masculinities, climate change and sexual and reproductive rights. Split into four thematic sections, this book strives to develop a clear road map towards achieving gender justice in health. The Handbook on Gender and Health will be an important resource for researchers, students and instructors of health policy and family and gender studies. Contributors include G. Alvarez, M. E. A Plan for Evaluating the District of Columbia's Public Schools National Research Council,Division of Behavioral and Social Sciences and Education,Committee on the Independent Evaluation of DC Public Schools,2011-08-25 The District of Columbia DC has struggled for decades to improve its public education system In 2007 the DC government made a bold change in the way it governs public education with the goal of shaking up the system and bringing new energy to efforts to improve outcomes for students The Public Education Reform Amendment Act PERAA shifted control of the city s public schools from an elected school board to the mayor developed a new state department of education created the position of chancellor and made other significant management changes A Plan for Evaluating the District of Columbia s Public Schools offers a framework for evaluating the effects of PERAA on DC s public schools The book recommends an evaluation program that includes a systematic yearly public reporting of key data as well as in depth studies of high priority issues including quality of teachers principals and other personnel quality of classroom teaching and learning

capacity to serve vulnerable children and youth promotion of family and community engagement and quality and equity of operations management and facilities As part of the evaluation program the Mayor s Office should produce an annual report to the city on the status of the public schools including an analysis of trends and all the underlying data A Plan for Evaluating the District of Columbia s Public Schools suggests that D C engage local universities philanthropic organizations and other institutions to develop and sustain an infrastructure for ongoing research and evaluation of its public schools Any effective evaluation program must be independent of school and city leaders and responsive to the needs of all stakeholders

Additionally its research should meet the highest standards for technical quality **The Natural World as a Resource for**
