ABOUT THE BOOK Richard Castle is a mystery writer who has developed writers block after killing off his main character When a copycat killer starts murdering people based on Castles books he is investigated by NYPD Detective Kate Beckett Beckett happens to be smart and beautiful as well as a good cop so Castle is intrigued by her and comes up with an idea for a new series of novels about a character based on her Initially Beckett is not receptive to Castles request to shadow her so he can give his books more realism even though she is secretly a fan and has read all his previous books It takes Castles use of some high placed connections including the mayor of New York to get permission but he finally joins the team

MEET THE AUTHOR Nicole has been writing since she could make letters with a pencil and has been making a living at it for more than ten years She has gone back to school too many times studying archaeology folklore writing and visual art She writes fiction under several pen names and also does printmaking book arts and photography She s an avid amateur natural historian with a particular fascination for things that fly whether it s birds bats or insects And if it s possible to be both a luddite with a love for the low tech and a technophile with a fascination for everything new and shiny Nicole is both She reads too many books plays too many video games and watches too much anime

EXCERPT FROM THE BOOK Where season one was an introduction to the characters and their unusual partnership season two delves more deeply into their interactions and relationships Castle is still in many ways a murder of the week show or a police procedural in which the focus is on solving a murder but it also has more depth At the end of season one Castle and Beckett were estranged because Castle interfered too much in trying to help Beckett with the mystery of her mothers murder So as season two begins the first thing he has to do is reconcile with her At first Beckett doesnt want him around at all but a murder investigation brings them together and she decides to allow him to help as long as he agrees to leave her alone afterward But the time the investigation has concluded
