Jw International Conventions 2014:

International Environmental Law-making and Diplomacy Tuomas Kuokkanen, Ed Couzens, Tuula Honkonen, Melissa Lewis, 2016-01-29 Bringing together contributions from diplomats UN agency officials lawyers and academics this book provides insight into the evolution of international environmental law diplomacy and negotiating techniques Based on first hand experiences and extensive research the chapters offer a blend of practice and theory history and analysis presenting a range of historical episodes and nuances and drawing lessons for future improvements to the processes of law making and diplomacy The book represents a synthesis of the most important messages to emerge from the annual course on Multilateral Environmental Agreements delivered to diplomats and negotiators from around the world for the last decade by the University of Eastern Finland and the United Nations Environment Programme The book will be of interest as a guide for negotiators and as a supplementary textbook and a reference volume for a wide range of students of law and environmental issues

The Conventions on the Privileges and Immunities of the United Nations and its Specialized Agencies August Reinisch, Peter Bachmayer, 2016-03-24 The Convention on the Privileges and Immunities of the United Nations and the Convention on the Privileges and Immunities of the Specialized Agencies entered into force more than 60 years ago This Commentary offers for the first time a comprehensive discussion covering both Conventions in their entirety providing an overview of academic writings and jurisprudence for a legal field of particular practical relevance and gives both the academic researcher as well as the practitioner a unique source to understand the complexity of legal issues that the UN its Specialized Agencies their officials Member States representatives and experts face in today s world

Shifting Paradigms in International Investment Law Steffen Hindelang, Markus Krajewski, 2016-01-21 International investment law is in transition Whereas the prevailing mindset has always been the protection of the economic interests of individual investors new developments in international investment law have brought about a paradigm shift There is now more than ever before an interest in a more inclusive transparent and public regime Shifting Paradigms in International Investment Law addresses these changes against the background of the UNCTAD framework to reform investment treaties The book analyses how the investment treaty regime has changed and how it ought to be changing to reconcile private property interests and the state s duty to regulate in the public interest In doing so the volume tracks attempts in international investment law to recalibrate itself towards a more balanced less isolated and increasingly diversified regime The individual chapters of this edited volume address the contents of investment agreements the system of dispute settlement the interrelation of investment agreements with other areas of public international law constitutional questions and new regional perspectives from Europe South Africa the Pacific Rim Region and Latin America Together they provide an invaluable resource for scholars practitioners and policymakers The individual chapters of this edited volume address the contents of investment agreements the system of dispute settlement the interrelation of investment agreements with other areas of public

Proceedings of the Innovative and Sustainable Infrastructure International Convention Manoj Khandelwal,Edy Tonnizam Mohamad,Ramesh Bhatawdekar,Danial J. Armaghani,Panagiotis Asteris,Poi Ngian Shek,Chau Khun Ma,2025-07-02 This book presents selected papers from the Proceedings of the International Conference on Innovative Infrastructures ICII 2023 held in Kuala Lumpur Malaysia covering topic areas in mining geomechanics ground control engineering geology geohazards soft computing and underground structures The published articles cover the latest research studies in geotechnical and geoengineering with the focus of soft computing technology to solve complex geotechnical issues in mining tunneling and geotechnical structures It also highlights state of the art technologies adopted by the civil geology and mining industries which are not only commercially viable but also environmentally sustainable The content of the papers appeals to researchers and industrial practitioners working in the field of geomechanics and geoengineering

Drug Control and International Law Daniel Wisehart,2018-10-08 This book provides for an extensive legal analysis of the international drug control system in light of the growing challenges and criticism that this system faces In the current debate on global drug policy the central pillars of the international drug control system the UN Drug Conventions as well as its institutions are portrayed as outdated suppressive and seen as an obstacle to necessary changes The book s objective is to provide an in depth and positivist insight into drug control s present legal framework and thus provide for a better understanding of the normative assumptions upon which drug control is currently based This is attained by clarifying the objectives of the international drug control system and the premises by which these objectives are to be achieved The objective of the current global framework of international drug control is the limitation of drugs to medical and scientific purposes The meaning of this objective and its concrete implications for States parties as well as its problems from the perspective of other regimes of international law most notably international human rights law are extensively analysed Additionally the book focuses on how the international drug control system attempts to reach the objective of confining drugs to medical and scientific purposes i e by setting up a universal system that exercises a rigid control on drug supply The consequences of this heavy focus on the reduction of drug supply are outlined and the book concludes by making suggestions on how the international drug control system could be reformed in the near future in order to better meet the existing challenges The analysis occurs from a general international law perspective It aims to map the international drug control system within a wider context of international law and to understand whether the problems that the international drug control system faces are exemplary for the difficulties that institutionalized systems of global scope face in the twenty first century

The UN Convention on the Rights of Persons with Disabilities in Practice Lisa Waddington,Anna Lawson,2018-05-24 Introduced in 2008 the UN Convention on the Rights of Persons with Disabilities has existed for nearly a decade This comprehensive study examines

how courts in thirteen different jurisdictions make use of the Convention The first sustained comparative international law analysis of the CRPD Waddington and Lawsons ground breaking text illuminates the intersection between human rights law disability law and international law through an examination of the role of courts The first part of the book contains chapters specific to each jurisdiction The second part consists of comparative chapters which draw on the rich analysis of the jurisdiction specific chapters These chapters reflect on emerging patterns of judicial usage and interpretation of the CRPD and on the wider implications for human rights theory and the nascent field of international comparative human rights law This volume is a vital and thought provoking addition to the literature on comparative international law and disability rights

Jurisdiction and Arbitration Agreements in Contracts for the Carriage of Goods by Sea Jonatan Echebarria

Fernández,2021-03-09 Jurisdiction and Arbitration Agreements in Contracts for the Carriage of Goods by Sea focuses on party autonomy and its limitations in relation to jurisdiction and arbitration clauses included in contracts for the carriage of goods by sea in case of any cargo dispute The author takes the perspective of the shipping companies and the shipowners as these are the driving forces of the shipping industry due to their strategic importance The book provides an analysis of the existing law on the recognition and validity of jurisdiction and arbitration clauses in the contracts for the carriage of goods by sea The author also seeks to provide conclusions and to learn lessons for the future of the non recognition and the non enforcement of the clauses in the existing fragmented legal framework at an international European Union and national level England Wales and Spain The interface between the different legal regimes reveals the lack of international harmonisation and the existence of forum shopping when a cargo interest sues the shipowner or the party to whom the shipowner charters the vessel This concise book provides a useful overview of existing research for students scholars and shipping lawyers

International Law Malcolm N. Shaw,2017-09-14 The definitive and authoritative international law text updated to

reflect key case law international practice and treaty developments Histories of Transnational Criminal Law Neil Boister,Sabine Gless,Florian Jeßberger,2021-08-02 This edited collection provides an in depth account of the history of key developments in transnational criminal law While the history of international criminal law is now a much written about topic the origins of most modern transnational criminal laws are not well understood Histories of Transnational Criminal Law provides for the first time a set of legal histories of state efforts to combat and cooperate against transnational crime With contributions from a group of world leading experts this edited volume traverses a range of topics beginning with the normative intellectual and institutional histories of transnational criminal law It then moves to the histories of specific transnational crimes ranging across eras from piracy to cybercrime and finishes by examining jurisdiction modes of liability different forms of procedural cooperation and the predicament of the individual in transnational criminal law The book highlights specific issues and how they have been resolved in the loose assemblage of norms institutions and practices that constitutes transnational criminal law *The Ebola Virus and West Africa* Dr. Felix I. Ikuomola,2015-07-10 The Ebola Virus

and West Africa Medical and Sociocultural Aspects provides a compact summary of the Ebola virus outlining its nature history epidemiology and methods of treatment In addition the work examines the context of the diseases outbreak by describing the people politics and policies in West Africa before during and after the recent outbreak Finally chapters summarize and explore the ethical issues that arise in pursuing treatments and discuss methods for improving control and prevention of additional outbreaks Dr Felix I Ikuomola a medical doctor who is pursuing additional advanced degrees in clinical research UH and surgical sciences RCSEd Edin brings to bear his practice of medicine and surgery in Liberia Nigeria Sierra Leone and the Gambia and his direct knowledge of the cultural practices and factors at play in the countries of West Africa to ground the presentation in The Ebola Virus and West Africa in the realities of the current situation in the region The Ebola Virus and West Africa Medical and Sociocultural Aspects will provide a highly organized comprehensive and insightful treatment of this virulent disease and its sociocultural elements to people with medical backgrounds and to individuals desiring to understand more comprehensively the impact of this disease on West Africa In either case time spent with The Ebola Virus and West Africa will give you the background and analysis you need to respond intelligently to the challenges the virus presents to an increasingly globalized culture
