 Matsunaga,2024-01-01 This book delves into the psychological and behavioral impact of the advent of digital transformation
 DX on white collar employees in the modern organizational context It uncovers how DX driven uncertainty affects these
 workers professional identity self efficacy and job performance from a communication centered perspective While effective
 leadership can serve as a buffer the intricate dynamics of these relationships await further exploration To unravel these
 complex issues the book employs an array of theoretical frameworks that have been tested against large time separated
 dyadic datasets collected in Japan In so doing the studies introduced in this book illuminate how employees make sense of
 and communicate the uncertainties they face Furthermore it highlights a vision driven leadership style and scrutinizes its
 unique attributes and limitations for addressing team members uncertainty This book is indispensable for executives and
 managers it is a roadmap to steering digital transformation efforts without igniting resistance or conflict among frontline
 staff For researchers it s an invaluable resource for analyzing the mechanism of uncertainty management in today s fast
 paced tech centric environments Moreover the book bridges the gap between interpersonal communication studies and other
 pivotal disciplines such as leadership management organizational behavior and social psychology in the context of stress and
 coping with uncertainty **Thomas Register of American Manufacturers and Thomas Register Catalog File** ,2002
