Megan wrote about the curse of the pharaohs. Read Megan's paper, and look for revisions she needs to make. Then answer the questions that follow.

The Curse of the Pharaohs

(1) Examples of superstitions are all around. (2) For example, it is bad luck to walk a path that has been crossed by a black cat. (3) It is also bad luck to walk under a ladder, to go out on Friday the thirteenth, or to spill salt. (4) Don't even think about breaking a mirror or opening an umbrella indoors. (5) These superstitions have developed over hundreds of years and each has a unique source. (6) Newspapers can even create a superstition. (7) For instance in the 1920s, media all over the world announced a new superstition: don't disturb the tomb of an ancient mummy or you will be cursed for the rest of your short life.

(8) This superstition began with the famous discovery of the tomb of Egyptian pharaoh Tutankhamen. (9) British archeologist Howard Carter had searched for years for the tomb of Tutankhamen, or King Tut as he became known. (10) Carter's work in Egypt was funded by the wealthy George Herbert, fifth Earl of Carnarvon. (11) In 1922, Carter finally found the hidden tomb buried under some mud houses in the desert. (12) Shortly afterwards, Carter, Lord Carnarvon, and a team of archeologists entered the tomb. (13) They found remarkable treasures, artifacts, and the mummy of King Tut. (14) Mummies have also been found in Peru, China, Chile, and Denmark.

(15) After the discovery, strange things began to happen. (16) In March 1923, Lord Carnarvon was bitten on the face by a mosquito. (17) He accidentally cut the bite while shaving. (18) The wound became infected, and Carnarvon died. (19) It was just four months after the tomb was opened.

(20) Newspapers began to claim that Carnarvon's death was caused by forces from the tomb. (21) They claimed a curse had things to happen to those who disturbed the tomb.

10 Jordan wants to combine the information provided, write a new sentence effective way.

Jordan wants to insert the following sentence:

It featured a scary mummy who was discovered in its Egyptian tomb.

Look at paragraph 4 (sentences 25 through 30) and insert this sentence.

After Carnarvon's death, any misfortune was blamed on the curse. (22) In May 1923, American aviator G. Harold Gatty died of pneumonia after visiting the tomb of King Tut. (23) He was the first to travel his way to the tomb before even reaching it. (24) The curse. An Egyptian prince in Europe had died. (25) He murdered his wife as was said to have done the curse. Then, in 1932, the first mummy in the legend of the curse was here to stay. (26)

Mary is writing about becoming a knight. Read Mary's paper, and look for corrections she needs to make. Then answer the following questions.

A Knight in Shining Armor

(1) People all over the world love the romantic courageous figure of the medieval knight. (2) These warriors rode out in armor to fight their enemies with swords glinting in the sunlight. (3) Even hundreds of years later, people still tell stories of King Arthur's knights and their great bravery and legendary chivalry. (4) Stories of heroic knights are so common, in fact, that it might seem as if every man and boy who lived during the medieval period was a knight. (5) This is not true. (6) Becoming a knight was a very difficult process, one that was not even available to many people.

(7) There were two paths to knighthood: one based on heritage and one based on service. (8) For many young men, the path to knighthood started with their family. (9) If a young man's father was a knight, the boy could become a knight. (10) However, if a young man was from an ordinary family, he could only become a knight if he showed bravery in battle. (11) Most knights were knights by virtue of their family. (12) Most were wealthy land owners, or the sons of wealthy land owners, who's family estates were given to them by the king. (13) The wealth they enjoyed from the king was in exchange for their service in battle in the king's name.
