

La Mort Dantigone

Richard Gaskin

La Mort Dantigone:

Antigone et le devoir de sépulture Muriel Gilbert, 2005 En sacrifiant sa vie pour rendre son fr re les honneurs fun bres dont Cr on l avait priv Antigone affirme l importance du devoir de s pulture Dans quelle mesure le motif de la s pulture est il un symbole privil gi pour penser le lien social politique et religieux aujourd hui Ce livre explore cette question sous l angle pluridisciplinaire , *Greek Tragedy and the Middle East* Pauline Donizeau, Yassaman Khajehi, Daniela

Potenza, 2024-03-07 Employing the idea of interculturality to study Middle Eastern adaptations of Greek tragedy from the turn of 20th century until the present day this book first explores the earlier phase of the development of Greek classical reception in Middle Eastern theatre It then moves to focus on modern Arabic Persian and Turkish adaptations of Greek tragedy both in the early post colonial and contemporary periods in the MENA and in Europe Case by case this book examines how the classical sources are reworked and adapted as well as how they engage with interculturality hybridisation and the circulation of aesthetics and models At the same time it explores the implications and consequences of expressing socio political concerns through classical Greek sources While Muslim thinkers and translators introduced Greek philosophy in particular Aristotle s Poetics to the West in the Middle Ages adaptations of Greek tragedies only appeared in the MENA region at the very beginning of the 20th century For this reason the development of Greek tragedy in the Middle East is difficult to disentangle from colonialism and cultural imperialism Encompassing language differences and offering for the first time a broad approach on the Middle Eastern reception of Greek tragedy this book produces a renewed focus on a fascinating aspect of the classical tradition **Tragedy and Archaic Greek Thought** D. L. Cairns, 2013-12-31 Eight leading contemporary interpreters of Classical Greek tragedy here explore its relation to the thought of the Archaic Period Prominent topics are the nature and possibility of divine justice the influence of the gods on humans fate and human responsibility the instability of fortune and the principle of alternation hybris and ate and the inheritance of guilt and suffering Other themes are tragedy s relation with Pre Socratic philosophy and the interplay between Archaic features of the genre and fifth century ethical and political thought The book makes a powerful case for the importance of Archaic thought not only in the evolution of the tragic genre but also for developed features of the Classical tragedians art Along with three papers on Aeschylus four on Sophocles and one on Euripides there is an extensive introduction by the editor *Œuvres Poétiques de J. Racine Avec Des Notes de Tous Les Commentateurs Recueillies: Memoires sur la vie et les ouvrages de Jean Racine, par Louis Racine, La Thébaïde, ou Les frères ennemis. Alexandre le Grand. Andromaque* Jean Racine, 1878 Jacques Lacan Jean-Michel

Rabaté, 2001-02-20 The French theorist Lacan has always been called a literary theoretician Here is for the first time a complete study of his literary analyses and examples with an account of the importance of literature in the building of his highly original system of thought Rabate offers a systematic genealogy of Lacan s theory of literature reconstructing a doctrine based upon Freudian insights and revitalised through close readings of authors as diverse as Poe Gide Shakespeare

Plato Claudel Genet Duras and Joyce Not simply an essay about Lacan's influences or style this book shows how the emergence of key terms like the letter and the symptom would not have been possible without innovative readings of literary texts

Female Acts in Greek Tragedy Helene P. Foley, 2009-01-10 Although Classical Athenian ideology did not permit women to exercise legal economic and social autonomy the tragedies of Aeschylus Sophocles and Euripides often represent them as influential social and moral forces in their own right Scholars have struggled to explain this seeming contradiction Helene Foley shows how Greek tragedy uses gender relations to explore specific issues in the development of the social political and intellectual life in the polis She investigates three central and problematic areas in which tragic heroines act independently of men death ritual and lamentation marriage and the making of significant ethical choices Her anthropological approach together with her literary analysis allows for an unusually rich context in which to understand gender relations in ancient Greece This book examines for example the tragic response to legislation regulating family life that may have begun as early as the sixth century It also draws upon contemporary studies of virtue ethics and upon feminist reconsiderations of the Western ethical tradition Foley maintains that by viewing public issues through the lens of the family tragedy asks whether public and private morality can operate on the same terms Moreover the plays use women to represent significant moral alternatives Tragedy thus exploits reinforces and questions cultural clichés about women and gender in a fashion that resonates with contemporary Athenian social and political issues

The Dead Sea Scrolls Rappaport, Devorah Dimant, 2018-11-26 A fortieth anniversary is an occasion to be marked under any circumstances especially when it concerns a discovery as significant as that of the Dead Sea Scrolls The proper way to mark this occasion was to organize a symposium that would be as comprehensive as possible both in content and in variety of approaches and which would be held in the land of the Scrolls The papers here reflect not only the variety and richness of subjects treated by contemporary research on Qumran but also its international character Since the study of texts remains the first task of the Qumran scholar many of the collection's papers belong to its first section Texts and Text Studies The other six sections are The History of the Qumran Community Halakha at Qumran Qumran and the Hebrew Bible Qumran and the New Testament and The Hebrew of the Dead Sea Scrolls

Studies in Stichomythia John Leonard Hancock, 1917

Interpretando Antígona Laura Llevadot (ed.), 2016-05-30 La tragedia de Sófocles Antígona ha sido objeto de innumerables versiones interpretaciones y traducciones a lo largo de la historia de la cultura occidental La acción de la joven hija de Edipo que entierra a su hermano Polinices a pesar de la expresa prohibición real la rebelión de una mujer que arrastra consigo la turbulenta historia de su linaje ha permitido replantear

cuestiones esenciales de la existencia humana todavía vigentes Antigona alumbra a n hoy problemas tales como la cuestión del derecho al duelo allí donde hay todavía muertos sin enterrar o desaparecidos a los que no les ha sido restituida su dignidad simbólica experiencias como la muerte del otro así como la decisión de la muerte propia consentida la cuestión tan debatida hoy en torno a la fraternidad como cimienta de lo común y aun la temática del género negro que las filósofas feministas de la diferencia se han propuesto repensar a partir de esta obstinada figura Los textos que constituyen el presente volumen tratan de dar cuenta de las diversas aproximaciones que la tragedia de Antigona ha suscitado *Demosieumata*, 1970

The History of the Diadochoi in Book XIX of Diodoros' >Bibliothēke< Alexander Meeus, 2022-02-21 Diodoros of Sicily's book XIX is the main source for the history of the Diadochoi Alexander the Great's Successors from 317 to 311 BCE With the first full scale commentary on this text in any language Alexander Meeus offers a detailed and reliable guide to the complicated historical narrative and the fascinating ethnographic information transmitted by Diodoros which includes the earliest accounts of Indian widow burning and Nabataean culture Studying both history and historiography this volume elucidates a crucial stage in the creation of the Hellenistic world in Greece and the Near East as well as the confusing source tradition Diodoros a long neglected author indispensable for much of our knowledge of Antiquity is currently enjoying growing scholarly interest An ample introduction discusses his historical methods and sheds light on his language and style and on the manuscript transmission of books XVII XX By negotiating between diametrically opposed scholarly opinions a new understanding of Diodoros place in the ancient historiographical tradition is offered The volume is of interest to scholars of ancient historiography Hellenistic history Hellenistic prose and the textual transmission of the Bibliothēke *Tragedy and Redress in Western Literature* Richard Gaskin, 2018-05-04 This book offers a unique interpretation of tragic literature in the Western tradition deploying the method and style of Analytic philosophy Richard Gaskin argues that tragic literature seeks to offer moral and linguistic redress compensation for suffering Moral redress involves the balancing of a protagonist's suffering with guilt and vice versa Gaskin contends that to a much greater extent than has been recognized by recent critics traditional tragedy represents suffering as incurred by avoidable and culpable mistakes of a cognitive nature Moral redress operates in the first instance at the level of the individual agent Linguistic redress by contrast operates at a higher level of generality namely at the level of the community its fundamental motor is the sheer expressibility of suffering in words Against many writers on tragedy Gaskin argues that language is competent to express pain and suffering and that tragic literature has that expression as one of its principal purposes The definition of tragic literature in this book is expanded to include more than stage drama the treatment stretches from the Classical and Medieval periods through to the early twentieth century There is a special focus on Sophocles but Gaskin takes account of most other major tragic authors in the European tradition including Homer Aeschylus Euripides Virgil Seneca Chaucer Marlowe Shakespeare Corneille Racine Lessing Goethe Schiller Kleist Büchner Ibsen Hardy Kafka and Mann lesser known areas such as Renaissance neo Latin

tragedy are also covered Among theorists of tragedy Gaskin concentrates on Aristotle and Bradley but the contributions of numerous contemporary commentators are also assessed Tragedy and Redress in Western Literature A Philosophical Perspective offers a new and genuinely interdisciplinary perspective on tragedy that will be of considerable interest both to philosophers of literature and to literary critics Bijbel Augustin Calmet (O.S.B.), Henri François De Vence, 1773 **Sainte bible en latin et en françois** ,1773

Eventually, you will entirely discover a new experience and execution by spending more cash. nevertheless when? get you take that you require to acquire those every needs bearing in mind having significantly cash? Why dont you try to get something basic in the beginning?
