La NRF Entre Guerre Et Paix:

Disarming Intelligence Zakir Paul, 2024-08-13 A critical account of the idea of intelligence in modern French literature and thought In the late nineteenth century psychologists and philosophers became intensely interested in the possibility of quantifying measuring and evaluating intelligence and using it to separate and compare individuals **Disarming Intelligence** analyzes how this polyvalent term was consolidated and contested in competing discourses from fin de siècle psychology and philosophy to literature criticism and cultural polemics around the First World War Zakir Paul examines how Marcel Proust Henri Bergson Paul Valéry and the critics of the influential *Nouvelle revue française* registered negotiated and subtly countered the ways intelligence was invoked across the political and aesthetic spectrum For these writers intelligence fluctuates between an individual sovereign faculty for analyzing the world and something collective accidental and contingent **Disarming Intelligence** shows how literary and critical styles questioned suspended and reimaged what intelligence could be by bringing elements of uncertainty and potentiality into its horizon The book also explores interwar political tensions from the extreme right to Walter Benjamin's engaged essays on contemporary French writers Finally a brief coda recasts current debates about artificial intelligence by comparing them to these earlier crises of intelligence By drawing together and untangling competing conceptions of intelligence **Disarming Intelligence** exposes its mercurial but influential and urgent role in literary and cultural politics

La NRF, entre guerre et paix Yaël Dagan, 2015-02-25 *La Nouvelle Revue française* fondée par André Gide et quelques amis il y a tout juste un siècle relève désormais du patrimoine national En explorant une période moins connue de son histoire 1914-1925 ce livre comble une lacune Il constitue aussi une contribution à l'histoire culturelle de la Grande Guerre L

analyse du discours politique littéraire et critique de la revue sa confrontation avec des sources inédites l'étude des itinéraires et des réseaux permettent de comprendre comment André Gide Jacques Rivière Jean Schlumberger ainsi que les meilleurs écrivains français de la période Proust Claudel Valéry et tant d'autres ont basculé deux fois En 1914 renonçant à la paix ils sont séduits par la guerre partir de 1919 pour certains plus tôt pour d'autres plus tard ils feront le chemin inverse passant de la guerre à la paix Au-delà du contexte particulier de la NRF et de la Grande Guerre Yaël Dagan pose la question toujours brûlante du rapport des intellectuels à la politique en temps de guerre de la portée et de la pertinence de leurs engagements ou de leurs silences
