## **La Parole Humilieeacuttee:**

**The Humiliation of the Word** Jacques Ellul, 2021-10-14 Western people no longer hear everything is grasped by sight They no longer speak they show Jacques Ellul Well known for his many books on sociology and theology Jacques Ellul creatively braids these two strands together in this provocative examination of how reality which is visual has superseded truth which is verbal in modern times Ellul explores biblical texts for distinguishing visual cultural forms from the communicative divine and human Word then examines how this distinction plays out with the rise of audiovisual media in the 20th century West Even in human speech visual forms dominate contemporary life and devalue the word this insight informs discussion of the image word clash in religion politics and art After a scathing critique of present day idolatry Ellul places his hope for nonviolent community in the fragile spoken word Ultimately Ellul sees the Bible as presenting a hopeful vision of reconciliation between visual reality and spoken truth A new afterword by Jacob Marques Rollison contextualizes Ellul s stance within French postmodern thought illuminating Humiliation of the Word as an outspokenly Protestant communication ethic in contemporary philosophical and theological discussions of language

**The Humiliation of Sinners** Mary Mansfield, 2018-08-06 This compelling book first published in 1995 changed historians understanding of the history of public penance a topic crucial to debates about the complex evolution of individualism in the West Mary C Mansfield demonstrates that various forms of public humiliation imposed on nobles and peasants alike for shocking crimes as well as for minor brawls survived into the thirteenth century and beyond

A New Reading of Jacques Ellul Jacob Marques Rollison, 2020-09-10 This book presents an original and dynamic reading of the twentieth century French sociologist and theological ethicist Jacques Ellul Adopting Ellul s use of presence as a hermeneutical key to understanding his work it examines the origins of Ellul s approach to presence in his readings of Kierkegaard and the biblical book of Ecclesiastes highlights the central structural role of presence in Ellul s theological ethics and elucidates a crucial turning point in Ellul s theology following a personal crisis in Ellul s faith and life Drawing from numerous unpublished and untranslated texts Jacob Marques Rollison argues that this crisis involves confrontation with a critique of presence manifest in Ellul s reading of and engagement with Michel Foucault Marques Rollison distills Ellul s sociological critiques and theological responses to this crisis presenting Ellul s evolving theology against the background of major shifts in French intellectual life In doing so the author simultaneously calls for renewed engagement with Ellul s prophetic thought critically appraises Ellul s dialectical theology and Marxist inheritances and develops a robustly Protestant approach to theological communication ethics for our time

**Faiblesse et force, présidence et collégialité chez Paul de Tarse** Loïc Berge, 2015-05-12 In 2 Cor 10 13 as in the entire Pauline corpus the use of the first person plural is surprising Paul oscillates between singular I and plural We sometimes within the same sentence While this literary feature has never been seriously explored this study undertakes in the first part an investigation of the meanings of we in ancient Greek texts through several literary genres from Homer to the

Hellenistic period The second part devoted to 2 Cor 10 13 shows the neat architecture of these chapters and the way the key theological message about weakness and power is delivered Also the occurrences of We and I throughout the text reveal a further underlying theology of authority En 2 Co 10 13 mais aussi dans l'ensemble du corpus paulinien l'utilisation de la première personne du pluriel est surprenante Paul passe souvent du je au nous et inversement parfois dans la même phrase Ce trait littéraire n'ayant pas encore été examiné de manière approfondie la présente étude commence par une enquête sur les sens du nous dans plusieurs genres littéraires dont le genre pistolaire d'Homère jusqu'à l'époque hellénistique La seconde partie consacrée à 2 Co 10 13 montre l'architecture soignée de ces chapitres ainsi que la manière dont Paul communique le message théologique sur la faiblesse et la force L'alternance des nous et des je exprime en outre une véritable théologie de l'autorité apostolique

**Flora biblica, ovvero Spiegazione delle piante menzionate nella Sacra Scrittura, etc** Paolo

Cultrera,1861 **Diary of a Humiliated Man** Félix de Azúa,1996 Diary of a Humiliated Man presents 8 months in the life of a hopelessly banal individual told in the form of notebook entries *Discipline and Punish* Michel Foucault,2012-04-18 A brilliant work from the most influential philosopher since Sartre In this indispensable work a brilliant thinker suggests that such vaunted reforms as the abolition of torture and the emergence of the modern penitentiary have merely shifted the focus of punishment from the prisoner's body to his soul *L'Humiliation le Moyen Âge et nous* Michel Zink,2017-04-03 L'humiliation nous ravale parce que nous la redoutons mais aussi parce que nous nous identifions à l'humilié Signe d'exclusion marque d'infamie elle veille en nous une douloureuse empathie Cette ambivalence le Moyen-ge nous l'a léguée Dans la société féodale et chevaleresque comme dans celle de l'Antiquité et dans bien d'autres chacun doit tenir son rang et rien n'est pire que de perdre l'honneur Mais le monde médiéval adhère profondément une religion de l'humilité fondée sur une scène d'humiliation la passion du Christ Il est ainsi partagé entre deux idéaux contradictoires Comment parvient-il à concilier cette contradiction Comment considère-t-il Lancelot montant dans sa charrette Comment le poète le prouve que sa maladie souvent vue comme une punition divine condamne l'exclusion et la honte se voit-il lui-même traverser récits et poèmes du Moyen-ge Michel Zink dresse des attitudes qui clament les nœuds et nous renvoient nos propres contradictions

**Insult and the Making of the Gay Self** Didier Eribon,2004-07-07 Published in English for the first time Didier Eribon's well received and celebrated work on a philosophy of and examination of gay life

*Beyond the Bible, Beyond the West* Hanz Gutierrez Salazar,2023-12-01T00:00:00+01:00 Reading can become the grave of meaning or the place of its resurrection It becomes a tomb when meanings follow one another uninterruptedly but in an automatic mechanical predictable and tautological way It becomes a tomb when reading becomes calculation when the result excludes and erases surprise and mystery Instead it's the place of resurrection when meanings are not automatic but intermittent unpredictable fragile and fragmentary when reading becomes like childbirth an experience marked by fatigue and suffering but in the expectation of something new and unique Our reflection is an essay of ontological hermeneutics it is critical of textual positivism which makes the univocity and clarity

of a text the main goal of its task and also of cultural positivism a cultural matrix that elevates univocity and clarity as the ultimate goal of contemporary systems This essay indirectly sketches a cultural critique and not only a theological one Means medium and guarantor of this ontological indelible reserve are ambivalence and paradox We will try to follow the trace of these throughout the hermeneutic arc and not only at its beginning

**Technique, Discourse, and Consciousness** David Lovekin, 2022-05-19 This study examines the French thinker Jacques Ellul 1912 1994 and his historical biblical and social analyses of how technology manipulates and impoverishes modern thought culture and language In the spirit of Georg Hegel and Ernst Cassirer Ellul explores how technology begins in myths stories and religion advances to tools and then develops into data algorithms and abstract systems which are detached from human bodies and communities Efficiency then becomes an absolute in all areas of human life and the mentality of technique becomes lost in its creations These modern symbols posing as ultimate human goods and values are denigrated by technique leaving humanity awash in clichés in groundless social media and in blathering slogans that sustain the illusion that politics and culture have now become

**Religion and Global Culture** Jennifer I. M. Reid, 2003-02-22 Religion and Global Culture draws together the work of a group of historians of religion who are concerned with situating the contemporary study of religion within the cultural complexity of the modern world The writing of each of the volume's contributors relates to the work of leading historian of religion Charles H Long who has identified religious meanings in the contacts and exchanges of the colonial and postcolonial periods Together with Long these scholars explore religious practices in a variety of globalized contexts chapters consider such varied subjects as the rituals of African immigrant communities in the United States the making of Mohawk sweet grass and black ash baskets the religious experience of prisoners in the Nazi holding camp of Westerbork and the regional repercussions of contemporary multi national business By locating religion in the conflicted and cooperative relationships of the colonial and postcolonial periods Religion and Global Culture calls on scholars of religion to reconfigure their interpretive stances from the perspective of the material structures of the modern globalized world

**A View of Language** Pieter A. M. Seuren, 2001 This book collects the best and most influential essays of one of the world's most original linguistic scholars and thinkers They show Pieter Seuren's remarkable erudition from classical antiquity to current theory his descriptive and theoretical sophistication and his beautiful clarity of style They provide many examples of the cogency of his argument and his willingness to speak out trenchantly against accepted wisdom In the extensive introduction the author describes the evolution of his theoretical position and its development in relation to Chomskyan syntactic theory and model theoretic semantics He argues here and throughout the book that grammar and semantics should be studied as branches of cognitive science not as mere formalisms He propounds develops and applies a theory of semantic syntax in which a grammar is seen

as a mediating device between propositionally structured thoughts and corresponding surface structures He rejects conventional notions of autonomous grammar as unsustainable and in a realist theory of language unnecessary He demonstrates that his semantic theory achieves empirically adequate and formally precise explanatory generalizations developing a theory of discourse semantics as a means of providing elegant accounts of topic comment structure The twenty two essays are divided into four parts dealing broadly with general theory syntax semantics and the linguistics of creole languages Many of the author s classic papers will be found here including those on autonomous versus semantic syntax predicate raising and datives clitic pronoun clusters donkey anaphora every man who owns a donkey beats it serial verb constructions and many more Provocative and thoughtful accessible and entertaining they add up to a book of real enduring value

Psychosomatic Disorders in Seventeenth-Century French Literature Bernadette Höfer,2016-04-15 Bernadette H fer s innovative and ambitious monograph argues that the epistemology of the Cartesian mind body dualism and its insistence on the primacy of analytic thought over bodily function has surprisingly little purchase in texts by prominent classical writers In this study H fer explores how Surin Moli re Lafayette and Racine represent interconnections of body and mind that influence behaviour both voluntary and involuntary and that thus disprove the classical notion of the mind as distinct from and superior to the body The author s interdisciplinary perspective utilizes early modern medical and philosophical treatises as well as contemporary medical compilations in the disciplines of psychosomatic medicine neurobiology and psychoanalysis to demonstrate that these seventeenth century French writers established a view of human existence that fully anticipates current thought regarding psychosomatic illness

*Sex Offenders: Punish, Help, Change or Control?* Jo Brayford,Francis Cowe,John Deering,2013-05-07 Sex offending and in particular child sex offending is a complex area for policy makers theorists and practitioners A focus on punishment has reinforced sex offending as a problem that is essentially other to society and discourages engagement with the real scale and scope of sexual offending in the UK This book looks at the growth of work with sex offenders questioning assumptions about

the range and types of such offenders and what effective responses to these might be Divided into four sections this book sets out the growth of a broad legislative context and the emergence of child sexual offenders in criminal justice policy and practice It goes on to consider a range of offences and victim typologies arguing that work with offenders and victims is complex and can provide a rich source of theoretical and practical knowledge that should be utilised more fully by both policy makers and practitioners It includes work on female sex offenders electronic monitoring and animal abuse as well as exploring interventions with sex offenders in three different contexts prisons communities and hostels Bringing together academic practice and policy experts the book argues that a clear but complex theoretical and policy approach is required if the risk of re offending and further victimisation is to be reduced Ultimately this book questions whether it makes sense to locate responsibility for responding to sexual offending solely within the criminal justice domain
