

La Pythie De Paris

Robert J. Young

La Pythie De Paris:

Trois théories antiques de la divination: Plutarque, Jamblique, Augustin Andrei Timotin, 2022-03-07 This book examines three authors Plutarch Iamblichus and Augustine who deeply impacted the ancient philosophical debates about divination. The author highlights the coherence of ancient theories about divination, the importance of the Platonic heritage in this intellectual history, its dialogue with other philosophical schools e.g. the Peripatetics and Stoa and its echoes in Patristic thought. This book thus sheds light on an essential but relatively neglected aspect of the relationship between philosophy and religion in Antiquity. Ce livre examine trois auteurs Plutarque Jamblique et Augustin qui ont marqué les débats philosophiques sur la divination dans l'Antiquité. L'auteur met en évidence la cohérence de la pensée antique relative à la divination, l'importance de l'héritage platonicien dans cette histoire intellectuelle, son dialogue avec d'autres courants philosophiques e.g. l'aristotélisme et le stoïcisme et sa postérité dans la pensée patristique. Ce livre contribue ainsi à clarifier un aspect essentiel mais relativement négligé des rapports entre philosophie et religion dans l'Antiquité.

Paris Médical, 1918 Each half year consists of two volumes Partie médicale and Partie paramédicale.

Plaster Casts Rune Frederiksen, Eckart Marchand, 2010-09-27 This volume originates from an international conference Oxford University 2007. Texts address plaster casts and related themes from antiquity to the present day and from Egypt to America Mexico and New Zealand. They are of interest to classical archaeologists art historians the history of collecting curators conservators collectors and artists. Articles explore the functions status and reception of plaster casts in artists workshops and in private and public collections as well as hands-on issues such as the making trading display and conservation of plaster casts. Case studies on artists use of material and technique include ancient Roman copyists Renaissance sculptors and painters Dutch 17th century workshops Canova Boccioni and others. A second theme is the role of plaster casts in the history of collecting from the Renaissance to the present day. Several papers address the dissemination of visual ideas models and ideals through the medium. Papers on modern and contemporary art illuminate the changing uses and semantic values of plaster casts in this period. Amongst the types of casts discussed are artists models and final works as well as casts after antiquities including sculpture architecture and gems dactyliothecae. The volume demonstrates the richness of the field both in terms of the material itself and modern scholarship concerned with it. Conceived as a handbook for students academics curators and collectors the text will form a standard work on the role of plaster casts in the history of Western sculpture.

DEMOSTHENIANA ANTOINE PERICAUD, 1842

The Devil's Tabernacle Anthony Ossa-Richardson, 2013-07-21 The Devil's Tabernacle is the first book to examine in depth the intellectual and cultural impact of the oracles of pagan antiquity on modern European thought. Anthony Ossa-Richardson shows how the study of the oracles influenced and was influenced by some of the most significant developments in early modernity such as the Christian humanist recovery of ancient religion confessional polemics Deist and libertine challenges to religion antiquarianism and early archaeology Romantic historiography and spiritualism. Ossa-

Richardson examines the different views of the oracles since the Renaissance that they were the work of the devil or natural causes or the fraud of priests or finally an organic element of ancient Greek society The range of discussion on the subject as he demonstrates is considerably more complex than has been realized before hundreds of scholars theologians and critics commented on the oracles drawing on a huge variety of intellectual contexts to frame their beliefs In a central chapter Ossa Richardson interrogates the landmark dispute on the oracles between Bernard de Fontenelle and Jean Francois Baltus challenging Whiggish assumptions about the mechanics of debate on the cusp of the Enlightenment With erudition and an eye for detail he argues that on both sides of the controversy to speak of the ancient oracles in early modernity was to speak of one's own historical identity as a Christian

The Edge of Surrealism Roger Caillois, 2003 A collection of newly translated writings by the French sociologist and surrealist

Aufstieg und Niedergang der römischen Welt: Principat. v Hildegard Temporini, Wolfgang Haase, 1987

The Philosopher Justin Smith-Ruiu, 2017-10-31 How the role of the philosopher has changed over time and across cultures and what it reveals about philosophy today What would the global history of philosophy look like if it were told not as a story of ideas but as a series of job descriptions ones that might have been used to fill the position of philosopher at different times and places over the past 2 500 years The Philosopher does just that providing a new way of looking at the history of philosophy by bringing to life six kinds of figures who have occupied the role of philosopher in a wide range of societies around the world over the millennia the Natural Philosopher the Sage the Gadfly the Ascetic the Mandarin and the Courtier The result is at once an unconventional introduction to the global history of philosophy and an original exploration of what philosophy has been and perhaps could be again By uncovering forgotten or neglected philosophical job descriptions the book reveals that philosophy is a universal activity much broader and more gender inclusive than we normally think today In doing so The Philosopher challenges us to reconsider our idea of what philosophers can do and what counts as philosophy

Caves and the Ancient Greek Mind Yulia Ustinova, 2009-02-12 Caves and the Ancient Greek Mind analyses techniques of searching for ultimate wisdom in ancient Greece The Greeks perceived mental experiences of exceptional intensity as resulting from divine intervention They believed that to share in the immortals knowledge one had to liberate the soul from the burden of the mortal body by attaining an altered state of consciousness that is by merging with a superhuman being or through possession by a deity These states were often attained by inspired mediums impresarios of the gods prophets poets and sages who descended into caves or underground chambers Yulia Ustinova juxtaposes ancient testimonies with the results of modern neuropsychological research This novel approach enables an examination of religious phenomena not only from the outside but also from the inside it penetrates the consciousness of people who were engaged in the vision quest and demonstrates that the darkness of the caves provided conditions vital for their activities

Performing Neurology Jonathan W. Marshall, 2016-07-13 This text provides a study of Jean Martin Charcot a founding figure in the history of neurology as a discipline and a colleague of Sigmund Freud It argues

that Charcot's diagnostic and pedagogic models explaining both how disease is recognized and described and how to teach the act of neurological diagnosis should be considered through a theatrical lens. Considering the constitution of the living moving body in terms of performance, Charcot created a situation whereby the line between deceptive acting and real pathology, scientific accuracy and creative falsehood, and indeed between health and unhealth becomes blurred. The physician becomes a medical subject in his or her own display, transforming medicine into a potentially destabilizing even grand guignol-esque discourse. Offering a unique insight into Charcot's work, his concepts and his methods, this text represents a unique and interdisciplinary analysis cutting across the fields of art and neurology.

Ronsard and Du Bartas in Early Modern Europe Anne-Pascale Pouey-Mounou, Paul J. Smith, 2020-10-26. The sixteenth-century French poets Pierre de Ronsard and Guillaume du Bartas enjoyed a wide immediate and long-lasting but varied and mixed reception throughout early modern Europe. *Ronsard and Du Bartas in Early Modern Europe* is the first book-length volume to explore the transnational reception histories of both poets in conjunction with each other. It takes into account the great variety of their readerships, including translators, imitating poets, poetical theorists, illustrators, and painters, both male and female: Marie de Gournay, Anne Bradstreet, some of them illustrious (Tasso, King James VI and I of Scotland and England, Opitz), others less known even obscure but worth to be saved from oblivion such as the French Marc Antoine Chalon, the English Mary Roper, and the Dutch poet Philibert van Borsselen. This volume offers a fascinating insight into the different reception modes in Europe and their underlying political, religious, and literary identities. Contributors include Peter Auger, Denis Bja Karel Bostoen, Philippe Chomty, Paola Cosentino, Violaine Giacomotto, Charra Alisa van de Haar, Pdraic Lamb, Anne Pascale Pouey Mounou, Elisabeth Rothmund, Paul J. Smith, and Caroline Trotot.

The Delphic Oracle Joseph Fontenrose, 2023-07-28. *The Delphic Oracle: Its Responses and Operations with a Catalogue of Responses* explores the enigmatic and storied institution of the Delphic Oracle, separating historical reality from myth and modern misconceptions. The book offers a comprehensive examination of all recorded responses attributed to the Oracle, whether historical, legendary, or fictional, presenting a nuanced understanding of its operations. Over a thousand years, the Oracle served as a center of spiritual and political guidance in ancient Greece. Contrary to popular myths about intoxicating vapors and frenzied prophecies, the author argues that the Pythia delivered clear, coherent responses directly to the consultants, grounded in tradition rather than supernatural phenomena. This volume challenges enduring beliefs and misconceptions, including the portrayal of ambiguous riddles and mystical rituals that have dominated modern interpretations. It meticulously categorizes responses into historical, quasi-historical, legendary, and fictional, drawing on both ancient texts and modern archaeological findings. The analysis sheds light on how oracles functioned within their cultural context and how their narratives evolved over time. With a rich catalogue of responses and a critical approach, the book provides an invaluable resource for understanding one of the ancient world's most iconic institutions. This title is part of UC Press's *Voices Revived* program, which commemorates the University of California.

Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 *Voices Revived* makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1978 *Plutarch on Literature, Graeco-Roman Religion, Jews and Christians* Frederick E. Brenk, 2023-05-08 The present book includes sixteen studies by Professor Frederick E Brenk on Plutarch on Literature Graeco Roman Religion Jews and Christians Of them thirteen were published earlier in different venues and three appear here for the first time Written between 2009 and 2022 these studies not only provide an excellent example of Professor Brenk's incisiveness and deep knowledge of Plutarch they also provide an excellent overview of Plutarchan studies of the last years on a variety of themes Indeed one of the most salient characteristics of Brenk's scholarship is his constant interaction and conversation with the most recent scholarly literature *Paris and environs. [2 pt. With] The Paris exhibition of 1889* Karl Baedeker, Karl Baedeker (Firm), 1888 **Catalogue of Printed Books** British Museum. Department of Printed Books, 1896 **Catalogue of Printed Books** British Museum, 1896 **British Museum Catalogue of printed Books**, 1896 **The Road from Paris** Cyrena N. Pondrom, 1974-03-29 For the best part of a thousand years English poets have gone to school to the French declared Ezra Pound in 1913 Whatever the truth of this assertion for all of English literature its accuracy for Pound's own period is well established Both he and T S Eliot wrote frankly of the debt which they owed to their French predecessors and this fact has long been recognised by students of English literature With the recognition of this influence went the assumption that Eliot and Pound were themselves responsible for its transmission from France to England That this was not so is demonstrated by the documents reprinted in this volume Dr Pondrom presents a selection of extracts and complete essays and letters by the critics and poets who together were principally responsible for channelling into English writing the ideas and theories of the French poetic avant garde *Ancient Philosophy and Early Christianity*, 2022-11-21 This volume celebrates the scholarship of Professor Johan C Thom by tackling various important topics relevant for the study of the New Testament such as the intellectual environment of early Christianity especially Greek Latin and early Jewish texts New Testament apocrypha and other early Christian writings as well as Greek grammar The authors offer fresh insights on philosophical texts and traditions the cultural repertoire of early Christian literature critical editions linguistics and interpretation and comparative analyses of ancient writings *Power and Pleasure* Robert J. Young, 1991 One of the great political figures of his day Barthou 1862 1934 spent 45 years in French public life as lawyer journalist deputy senator and cabinet minister Young history U of Winnipeg has written a social biography situating Barthou's life both public and private in the political and cultural context of the Third Republic Annotation copyrighted by Book News Inc Portland OR

La Pythie De Paris Book Review: Unveiling the Magic of Language
