Moveable Feasts Gregory McNamee, 2006-11-30 Food has functioned both as a source of continuity and as a subject of adaptation in the course of human history Onions have been a staple of the European diet since the Paleolithic era while the orange is once again being cultivated in great quantities in Southern China where it was originally cultivated Other foods such as the apple and pear in Central Asia the tomato in Mexico the chili pepper in South America and rice in South Asia remain staples of their original regions and of the world diet today Still other items are now grown in places that would have seemed impossible in the past bananas in geothermally heated greenhouses in Iceland corn on the fringes of the Gobi and tomatoes in space But how did humans discover how to grow and consume these foods in the first place How were they chosen over competing foods How did they come to be so important to us In this charming and frequently surprising compendium Gregory McNamee gathers revelations from history anthropology chemistry biology and many other fields and spins them into entertaining tales of discovery complete with delicious recipes from many culinary traditions around the

world Among the 30 types of food discussed in the course of this alphabetically arranged work are the apple the banana chocolate coffee corn garlic honey millet the olive the peanut the pineapple the plum rice the soybean the tomato and the watermelon All of the recipes included with these diverse food histories have been adapted for recreation in the modern kitchen

Ethnic American Food Today: A Cultural Encyclopedia Lucy M. Long, 2015-07-17 Ethnic American Food Today introduces readers to the myriad ethnic food cultures in the U S today Entries are organized alphabetically by nation and present the background and history of each food culture along with explorations of the place of that food in mainstream American society today Many of the entries draw upon ethnographic research and personal experience giving insights into the meanings of various ethnic food traditions as well as into what how and why people of different ethnicities are actually eating today The entries look at foodways the network of activities surrounding food itself as well as the beliefs and aesthetics surrounding that food and the changes that have occurred over time and place They also address stereotypes of that food culture and the culture s influence on American eating habits and menus describing foodways practices in both private and public contexts such as restaurants groceries social organizations and the contemporary world of culinary arts Recipes of representative or iconic dishes are included This timely two volume encyclopedia addresses the complexity and richness of both ethnicity and food in America today
