Green Card Alexandra Hope,2024-03-01 Piper Clark would do anything for her best friend Lucas Vega even marrying him so he can stay in the country But after six years apart ICE wants them to prove they re still together Will Piper lose her nerve or will she fall in love with Lucas for real this time *Flip Quiz Spanish* Elizabeth Kelly,2004 *Teaching Psychology* Sandra Goss Lucas,Sandra Goss-Lucas,Douglas A. Bernstein,2004-12-13 Most new psychology instructors enter their first undergraduate classrooms with little or no formal preparation for their role as a teacher The goal of this book is to review the body of teaching research that is available as well as some of the well accepted lore so as to make the first foray into teaching psychology a positive experience Teaching Psychology outlines the major problems and issues confronting psychology teachers It presents an overview of the nuts and bolts of teaching psychology including dealing with troubled and troubling students choosing and using technology developing evaluation instruments and selecting methods for self evaluation Written by two award winning psychology professors with over 50 years of combined teaching experience the book offers a wide range of down to earth suggestions and immediately usable materials intended to help psychology teachers teach better and help students learn more The chapters are organized to roughly parallel the sequence of tasks that new psychology teachers face beginning with goal setting and ending with evaluation of one s teaching Each chapter is chockfull of helpful tools including checklists sample lecture notes writing assignments and grading criteria To make it easier to customize this material these tools are available on an accompanying CD along with a rating sheet for choosing a textbook a student grade record sheet a sample statement on academic integrity and a pool of less than perfect test items to hone item writing skills This book offers guidelines for teaching such as setting goals in line with 10 basic principles of effective teaching planning the basics including choosing a text writing a syllabus and creating a grading system setting a positive tone in the classroom providing tips on asking and answering questions promoting critical thinking and evaluating student performance Intended for psychology graduate students who are learning to teach faculty who train psychology instructors and new psychology faculty at institutions ranging from high schools to universities as well as experienced faculty wishing to hone their teaching skills Teaching Psychology Douglas A. Bernstein,2014-06-26 This volume provides thoroughly updated guidelines for preparing and teaching an entire course in psychology Based on best principles and effective psychological and pedagogical research it offers practical suggestions for planning a course choosing teaching methods integrating technology appropriately and effectively developing student evaluation instruments and programs and ideas for evaluation of your own teaching effectiveness While research based this book was developed to be a basic outline of what to do when you teach It is intended as a self help guide for relatively inexperienced psychology teachers whether graduate students or new faculty but also as a core reading assignment for those who train psychology instructors Experienced faculty

who wish to hone their teaching skills will find the book useful too **The Wedding Plan** Abby Gaines,2012-11-01 Merry Wyatt would do almost anything to fulfill her father's dying wish But marrying Lucas Calder is not an option Sure they have occasionally pretended to be in a relationship when it was convenient but a real marriage That's definitely out of the question However a fake marriage might work Lucas may not be too keen but Merry knows he won't let her down When her father makes an unexpected recovery Merry's simple plan goes into a tailspin And family expectations aren't the only problem A spark has ignited and playing house with Lucas is becoming a little too real Light ,1905 *Mental Health Computing* Marvin J.
