own terms while it continues to celebrate its confessional liturgical identity But can this balance between individual and institution be upheld in the long run Or will the democratization and pluralization of the faith ultimately undermine the church This book explores how the ELCA attempts to resist the forces of Americanization in late modernity even as it slowly but surely comes to resemble mainstream American religion more and more Keyboard Skills for the Practical Musician Cole Burger,2022-02-27 Keyboard Skills for the Practical Musician provides undergraduate music majors in class piano courses with the techniques and fundamentals they need to flourish into independent versatile musicians who play with confidence and sensitivity Organized by skill rather than level the topics sequenced in this textbook offer endless flexibility for instructors while guiding students in a step by step approach through the development of essential keyboard skills such as reading harmonization improvisation and accompaniment supporting concepts learned in music theory ear training private lessons methods classes and ensemble courses One can draw from many sections of the book in any given class or semester covering a wide range of piano skills that foster abilities frequently used in a myriad of musical professions Features Over 400 sightreading transposition and score reading examples along with 125 harmonization Melodies Project assignments that promote independent learning expose students to new musical styles and encourage collaboration A concluding Repertoire section with lists of solo and duet music 10 ensemble arrangements 6 duets and additional pieces from the Baroque Classical Romantic and Post Romantic eras Music examples include numerous works by composers from marginalized backgrounds and from global folk music No prior piano background knowledge needed Explaining the core elements of keyboard learning in an accessible and responsive format while accentuating the importance of learning how to learn Keyboard Skills for the Practical Musician offers an essential resource for all class piano students and instructors **The United Methodist Music & Worship Planner 2025-2026 CEB/NRSVue Edition** Mary Scifres,David L.
