periodization of antiquity the Middle Ages and modern times It further distinguishes nation and the patriotic attachment to it from the uncivil ideology of nationalism This book will benefit students in world history and political science courses as well as ethnic studies or peace and conflict studies courses that wish to provide some historical context **States, Nations and Nationalism** Hagen Schulze,1998-03-06 The first general history of the evolution of European states and nations from medieval times to the present *Nations Before Nationalism* John A.
