

Xerox EX Print Server Powered by Fiery® For the Xerox 700 Digital Color Press

Improve productivity, achieve outstanding color, and automate workflows

If you need a color server that fits in virtually any print environment, boosts productivity, cuts waste, and reduces repetitive tasks, take a look at the EX Print Server.

High performance assured

The EX Print Server's powerful architecture shortens turnaround times. Its production features allow it to RIP a new file, while printing another file, increasing the printing throughput. Bottlenecks are also reduced at the RIPping stage, so output is delivered quickly to the printing device, which increases productivity and saves time.

Consistent color across the board

You get expert controls and great color, right out of the box with ColorWise®, EFI's in-RIP color-management technology. It also integrates seamlessly with the optional Fiery Graphic Arts Package Premium Edition which combines expert tools for managing color, proofing, and controlling workflow.

Fully compliant with PDF/X-3

The ability to print composite overprints of CMYK and spot colors is one of the key features that makes the EX Print Server fully compliant with PDF/X-3 workflows and a great proofing system for press simulation.

Making printing easier than ever

EFI's renowned Command WorkStation®, available in both Windows® and Macintosh® editions, supports multiple operators simultaneously through a unified workspace and intuitive visual workflows, helping to streamline operations. Hot Folders and Virtual Printers reduce repetitive tasks, waste, and errors. EFI™ Impose, a WYSIWYG imposition application, provides fast, accurate processing of the most complex booklet, n-up, and gang-up routines.

Make variable data printing (VDP) a snap

You can choose any authoring tool, work with familiar databases, and be assured of compatibility with a wide array of VDP languages, as well as proprietary languages. Process VDP files and drive print engines at their full rated speed.

Prioritize, streamline, and boost productivity

The advanced queue management capabilities in the Fiery® give the power to re-prioritize last-minute jobs with little interruption and downtime, enhancing productivity and improving profitability.

For more information on the EX Print Server, powered by Fiery® for the Xerox 700 Digital Color Press, please contact your Xerox representative, call 1-800-ASK XEROX, or visit us online at www.xerox.com.
