Annual Report of the Department of the Interior United States. Department of the Interior,1906 **Margaret Thatcher: From Grantham to the Falklands** Charles Moore,2013-05-21 With unequaled authority and dramatic detail the first volume of Charles Moore s authorized biography of Margaret Thatcher reveals as never before the early life rise to power and initial period as prime minister of the woman who transformed Britain and the world in the late twentieth century Moore illuminates Thatcher s youth her relationship with her parents and early romantic attachments including her courtship and marriage to Denis Thatcher moving forward to the determination and boldness that marked even the very beginning of her political career His account of her political relationship with Ronald Reagan is riveting Throughout Moore explores in compelling detail the obstacles and indignities that Thatcher encountered as a woman in what was still overwhelmingly a man s world A clear eyed fair account conveying Thatcher s remarkable talents and sometimes infuriating qualities Moore s portrait enlivens the woman who was prime minister for more than a decade 1979 1990 re creating the circumstances and

experiences that shaped one of the most significant world leaders of the postwar era *Margaret Thatcher* Charles Moore, 2013-04-25 One of the best political biographies I have ever read Dominic Sandbrook Sunday Times Not For Turning is the first volume of Charles Moore's authorized biography of Margaret Thatcher the longest serving Prime Minister of the twentieth century and one of the most influential political figures of the postwar era Charles Moore's biography of Margaret Thatcher published after her death on 8 April 2013 immediately supercedes all earlier books written about her At the moment when she becomes a historical figure this book also makes her into a three dimensional one for the first time It gives unparalleled insight into her early life and formation especially through her extensive correspondence with her sister which Moore is the first author to draw on It recreates brilliantly the atmosphere of British politics as she was making her way and takes her up to what was arguably the zenith of her power victory in the Falklands This volume ends with the Falklands Dinner in Downing Street in November 1982 Moore is clearly an admirer of his subject but he does not shy away from criticising her or identifying weaknesses and mistakes where he feels it is justified Based on unrestricted access to all Lady Thatcher's papers unpublished interviews with her and all her major colleagues this is the indispensable fully rounded portrait of a towering figure of our times
