Forensic Document Examiner Jobs:

Extraordinary Jobs in Health and Science Alecia T. Devantier, Carol A. Turkington, 2006 If you are interested in exploring career opportunities in health or science *Extraordinary Jobs in Health and Science* is the book for you This in depth guide introduces you to a number of unique jobs in this important field from criminologist to virologist and more

Foundations of Forensic Document Analysis Michael J. Allen, 2015-07-31 Forensic document examination is a long established specialty and its practitioners have regularly been shown to have acquired skills that enable them to assist the judicial process This book aimed primarily at students studying forensic science and document examination in particular introduces all of the essential ideas that are to be found in the work of the forensic document examiner in a concise and straightforward way Each examination type is described not only in terms of its procedural basis but also the science and reasoning that underpins it The reader will be able to relate the different kinds of interpretation skills used by the document examiner to those used in other forensic disciplines This book will be an invaluable text for all students taking courses in Forensic Science or related subjects The book will also be a useful reference for researchers new to this field or practitioners looking for an accessible overview The author will be adding new references that are relevant as they are published and some more worked examples from time to time Please visit qdbook.blogspot.co.uk for more details **ABA Journal**
