Forecasting Informatics Competencies for Nurses in the Future of Connected Health Judy Murphy, William Goossen, 2017-01-15 Nursing informatics has a long history of focusing on information management and nurses have a long history of describing their computer use However based on the technical advances and through the ongoing and consistent changes in healthcare today we are now challenged to look to the future and help determine what nurses and patients consumers will need going forward This book presents the proceedings of the Post Conference to the 13th International Conference on Nursing Informatics held in Geneva Switzerland in June 2016 The theme of the Post Conference is Forecasting Informatics Competencies for Nurses in the Future of Connected Health This book includes 25 chapters written as part of the Post Conference a result of the collaboration among nursing informatics experts from research education and practice

settings from 18 countries and from varying levels of expertise those beginning to forge new frontiers in connected health and those who helped form the discipline The book content will help forecast and define the informatics competencies for nurses in practice and as such it will also help outline the requirements for informatics training in nursing programs around the world The content will aid in shaping the nursing practice that will exist in our future of connected health when practice and technology will be inextricably intertwined

Routledge International Handbook of Nurse Education Sue Dyson, Margaret McAllister, 2019-11-26 While vast numbers of nurses across the globe contribute in all areas of healthcare delivery from primary care to acute and long term care in community settings there are significant differences in how they are educated as well as the precise nature of their practice This comprehensive handbook provides a research informed and international perspective on the critical issues in contemporary nurse education As an applied discipline nursing is implemented differently depending on the social political and cultural climate in any given context These factors impact on education as much as on practice and are reflected in debates around the value of accredited programmes and on the job training apprenticeship undergraduate and postgraduate pathways into nursing Engaging with these debates amongst others the authors collected here discuss how through careful design and delivery of nursing curricula nurses can be prepared to understand complex care processes complex healthcare technologies complex patient needs and responses to therapeutic interventions and complex organizations The book discusses historical perspectives on how nurses should be educated contemporary issues facing educators teaching and learning strategies the politics of nurse education education for advanced nursing practice global approaches and educating for the future Bringing together leading authorities from across the world to reflect on past present and future approaches to nurse education and nursing pedagogy this handbook provides a cutting edge overview for all educators researchers and policy makers concerned with nurse education

Faculty of Color in the Health Professions Dena Hassounah, 2017-12-05 This book provides the first in depth examination of the experiences of a large sampling of faculty members of color in nursing medicine pharmacy and dentistry schools across the United States Anchoring her study in grounded theory Dena Hassounah draws on extraordinary interviews with one hundred diverse faculty members together with rich contextual data to illuminate the deeply entrenched cultural and institutional challenges to equity that they confront She also presents practical strategies to overcome those challenges The book documents the ways in which faculty members of color are excluded from full participation in their laboratory or department yet Hassounah's research shows that faculty of color can survive and even thrive The interviews and data clearly reveal both the social educational and departmental contexts that determine satisfaction and success in recruitment and advancement and the impact that faculty of color have had on their students peers patients schools and communities

Preparing for Doctoral Study in Nursing - E-Book Laura A. Taylor, Mary F. Terhaar, 2023-08-03 Are you ready to take your nursing career to the next level Preparing for Doctoral Study in Nursing Making the Most of the Year Before You Begin helps you make an

informed decision about entering doctoral studies and choosing the nursing credential that helps you reach your career goals. Noted educators and doctoral mentors Laura A Taylor and Mary F Terhaar along with a team of nursing leaders and scholars describe the big picture for nurses educated at the highest level of scholarship including the rising demand for advanced practice nurses and the future of nursing. The first and only comprehensive guide to preparing for a doctorate in nursing, this book helps you choose your path, make your decision, and develop a plan for success in doctoral study. Grounded in more than a decade of experience in preparing nurses for doctoral study, this one-of-a-kind text is the first comprehensive guide to the year before you apply. Fifteen chapters provide practical information and guidance to help you navigate the challenges on your journey. Historical overview of doctoral education in nursing creates a clear picture of present and future demand. Clear explanation of the different degrees and the careers they support helps to build confidence in your decision about which to pursue. Sixteen personal narratives describe a broad range of career paths open to nurses who earn doctoral degrees and introduce the nurse leaders who have walked them. Online Evolve Resources include podcasts that bring the experiences of contributing authors to life. Additional Evolve Resources include practical forms, worksheets, planners, and representations of models referenced in the text. Illustrations clarify complex content, helping to make it more memorable and useful, and links to additional online resources serve as a springboard for additional learning. The diversity of the contributors' backgrounds, interests, and accomplishments gives you a sense that you belong and that your authentic self will add value to our discipline and to global health. At once scholarly and warm, the style of this book makes it a must-read for nurses who aspire to careers of importance and leadership.
