Geoffrey W Bromiley Book:

Historical Theology: An Introduction Geoffrey W. Bromiley, 1998-02-04 An ideal historical theology or even an introduction to it says Geoffrey Bromiley lies beyond the limits of human possibility And he does not intend this volume to be an all inclusive theological study about everybody and everything Rather this work is composed for beginners for inquirers for those who know nothing or very little of the history of theology but who want to know something or something more

Theological Dictionary of the New Testament Gerhard Kittel, Geoffrey William Bromiley, 1964 Church, Word, and Spirit James E. Bradley, Richard A. Muller, Jacques Ellul Jacob E. Van Vleet, Jacob Marques Rollison, 2020-04-13 Jacques Ellul 1912 1994 was Professor of the History and Sociology of Institutions at the University of Bordeaux A sociologist historian and Protestant lay theologian Ellul is primarily known for his writings on technology propaganda and Christian anarchism He influenced a wide array of thinkers including Ivan Illich William Stringfellow Thomas Merton Paul Virilio and Neil Postman In this book Jacob Van Vleet and Jacob Marques Rollison guide readers through Ellul s most influential theological and sociological writings By understanding Ellul s primary works readers will be able to clearly grasp his social theory and theological ethics profiting from his deep insight and prophetic wisdom The Cultic Motif in the Book of Daniel Winfried Vogel, 2010 This unique study of the theology of the book of Daniel examines the cultic motif within the book as it relates to space and time Numerous references and allusions to cult are investigated with linguistic literary and contextual analyses The findings are then related to the main theological themes of the book such as judgment eschatology kingdom and worship It is evident that the idea of cult plays a dominant role in Daniel and that it demonstrates the intention of the author to present the issue of conflict of two opposing systems of cult and worship For all who are interested in an exegesis of Daniel that pays dutiful attention to the theology of Daniel **The Cultic Motif in the Book of Daniel** is a must read **A Testimony of Jesus Christ - Volume 2** Anthony Charles Garland, 2007 A Commentary on the Book of Revelation Volume 2 The author presents a detailed study of the Book of Revelation emphasizing prophetic themes from the rest of the Bible which find their fulfillment in Revelation To understand this controversial book the author explores the many connections between the visions seen by the Apostle John and previous prophetic revelation given to Old Testament prophets such as Daniel Ezekiel and others It is the author s conviction that an understanding of related passages elsewhere in the Bible is the most important key to unlocking the bewildering variety of interpretations which often accompany the study of the last book of the Bible The commentary can be used in conjunction with a free companion internet course providing an additional 70 hours of audio instruction linked to almost 1 000 slides **The Freedom Book** W. Russell Ogden Ph.D., 2011-07-25 Freedom is Americas highest value We are the land of the free and the home of the brave The stars and stripes of our flag wave Freedom over our embassies around the world Immigrants risk their lives to gain freedom in America The Statue of Liberty welcomes them to our shores Our laws are designed to protect physical and political freedom for all citizens equally

Spiritual freedom is the Christians highest value This is the basis of all the freedoms we enjoy The Freedom Book traces the history of freedom how God gave us freedom at creation how it was impaired by the fall in Eden and how Jesus Christ restored it through his death on the cross and resurrection to eternal life Not all truth is liberating but the truth of Gods word is liberating Jesus said If you abide in my word you are truly my disciples and you will know the truth and this truth will set you free John 8 31 32 This book can guide you on the path to true freedom

Three Theological Mistakes Ric Machuga, 2015-01-05 Is the existence of God a matter of faith or knowledge Does God sometimes act miraculously or are there physical causes for everything Is morality absolute or relative Are humans truly free or does God s sovereignty determine everything When bad things happen is God the cause or are they the fault of humans Too frequently Christians answer these questions with a Yes to one side and a No to the other side Thomas Aquinas and Karl Barth answer Yes to both Following their model Machuga defends a third way which transcends the Enlightenment dichotomies of fideism vs rationalism supernaturalism vs naturalism relativism vs absolutism free will vs predestination and God s justice vs his mercy Machuga begins by showing how these false dichotomies grew out of the Enlightenment assumptions of mechanism universal quantification and mono causation He then corrects these demonstrably dubious assumptions by articulating a theory of dual causation The result is a thoroughly biblical understanding of God miracles and free will that can withstand the contemporary criticisms of both science and philosophy

Sacred House Alan Andraeas, 2019-10-01 While the House Church Movement is gaining immense popularity throughout many denominational and independent faith communities collectively standing as the largest denomination in the United States sacramental and liturgical congregations are taking only the most tentative steps toward this venue of worship Consequently there exists a vacuum of guidelines or information to support this dynamic ministry model from a uniquely sacramental perspective In this book Dr Andraeas examines the scriptural foundations for liturgical worship the biblical theological and historical precedents for house churches and how a union between priestly liturgy and house church worship complement and support each other He concludes with a vigorous challenge for all sacramental and liturgical jurisdictions to engage their seminarians clergy and people in embracing this approach to church planting evangelism and community ministry while offering thoughtful and obtainable recommendations

Presence in the Modern World Jacques Ellul, 2017-09-28 Presence in the Modern World is Jacques Ellul s most foundational book combining his social analysis with his theological orientation Appearing first in French in 1948 and later in English as The Presence of the Kingdom it has reached the status of a classic that retains all of its relevance dealing with today s challenges How should we respond to such complex forces as technology or the state How can we communicate with one another despite the problems inner to modern forms of media Do we have hope for the future of our civilisation Ellul responds by describing how a Christian s unique presence in the world can make a difference Instead of acting as sociological beings we must commit ourselves to the kind of revolution that will occur only when we become

radically aware of our present situation and undertake a ferocious and passionate destruction of myths In this way states Ellul we become the medium for God s action in the modern world

Great Lives: Jesus Bible Companion Charles R. Swindoll,2008-04-01 Who do you say that I am Whether or not you know it this question posed by Jesus is the most important question you ll ever answer But it s not only a question for those who haven t trusted Jesus for salvation it s also one for those who call themselves followers of Christ Many will claim to know the answer but even Peter who answered it correctly didn t fully understand who Jesus was until later And in a culture two millennia removed Jesus true identity and purpose are often obscure making His question relevant and vital both for non Christians and Christians alike This Bible Companion is designed to help you answer His question so that you might know Jesus the real Jesus as revealed in the Bible But be warned This book doesn t offer a mere biographical study because He was no mere man Regardless of what you think of Jesus encountering Him in the Bible is a mind changing and life altering event So if you re ready to answer Jesus question truthfully then this Bible Companion will serve as a good guide to His life and teachings And it can help you grow to know Him better than you ever have

Discerning the Spirit(s) Amos Yong,2019-03-08 Efforts to construct a Christian theology of religions have inevitably stumbled on the Christian scandal of particularity the historical Jesus of Nazareth What however if we began by focusing on the universal presence and activity of God in the world as symbolized by the Holy Spirit Yong develops just such a pneumatological approach to religions drawing by way of resource on the Pentecostal charismatic experience of the Spirit This book thus invites Pentecostals charismatics and other Christians to conceive of how a pneumatological approach to religions can invigorate the wider ecumenical conversation At the same time it also brings recent Pentecostal charismatic scholarship into dialogue with a broader audience including those interested in philosophical theology world religions global spiritualities and comparative religion and theology

Israel and the Church Ronald E. Diprose,2025-08-14 Modern Israel and its relations with its Arab neighbors has been conspicuously in the daily news ever since World War II Until that time the concept of Israel and a continuing Jewish people had been hovering in the distant background of Christian thought and doctrine since the post apostolic era In this important work Dr Diprose demonstrates the uniqueness of Israel and its special place in the divine plan By carefully reviewing relevant New Testament and post apostolic writings the author traces the origin and development of Replacement Theology the concept that the Church has completely and permanently replaced ethnic Israel in the outworking of God s plan throughout history challenging its origin and role in the development of Christian thought on the future of ethnic Israel

Reforming Rome Donald W. Norwood,2015-01-16 Few people realize that Karl Barth one

of the twentieth century's greatest Protestant theologians was among a select group of non Catholic guests who were invited to the Second Vatican Council 1962-65 to assist in the reform and renewal of the Roman Catholic Church In *Reforming Rome* Donald Norwood offers the first book length study of Barth's involvement with Vatican II and his significant impact on the reform of the Catholic Church Norwood examines Barth's critical engagement with the Roman Catholic Church from his time at the Catholic University of Munster to his connection with Vatican II his conversations with Pope Paul VI and seminars and interviews he gave about the Council afterward On the basis of extensive research Norwood amplifies Barth's own very brief account of Vatican II Barth himself often felt that he was better understood by Roman Catholics such as Hans Kng Hans Urs von Balthasar and Joseph Ratzinger than he was by his own Reformed colleagues This study written by a fellow Reformed theologian helps us to see why

The Undead and Theology Kim Paffenroth, John W. Morehead, 2012-09-21 The academy and pop culture alike recognize the great symbolic and teaching value of the undead whether vampires zombies or other undead or living dead creatures This has been explored variously from critiques of consumerism and racism through explorations of gender and sexuality to consideration of the breakdown of the nuclear family Most academic examinations of the undead have been undertaken from the perspectives of philosophy and political theory but another important avenue of exploration comes through theology Through the vampire the zombie the Golem and Cenobites contributors address a variety of theological issues by way of critical reflection on the divine and the sacred in popular culture through film television graphic novels and literature

Integrated Mission Sarah Nicholl, 2024-05-31 There can be no doubt the positive influence the Lausanne Movement has had on current approaches to evangelical global missions since its inception in 1974 But as with all things made and organized by humankind it should not be above critique Dr Sarah Nicholl asserts spirituality now often seen as an individual rather than communal endeavour has been disconnected from the missional practices in the movement In bringing together missiology mission practice and spirituality she joins a chorus of scholars calling for more integration
