Eva Louise Lillie, Nils Holger Petersen

Hibernia Cantans Liturgy Veneration Medieval:

Shaping Heroic Virtue Stefano Fogelberg Rota, Andreas Hellerstedt, 2015-09-01 In his Nichomachean Ethics VII I I Aristotle suggests the possibility of a perfection of virtue so extreme that it could be characterized as heroic or divine In Shaping Heroic Virtue eight scholars from different fields of the humanities explore the reception of this notion within a broad range of artistic political and religious contexts and map its enduring importance in the self fashioning of monarchs and political elites The case studies included in the volume span from Late Antiquity to the 18th century and include material from different parts of Europe with a particular emphasis on Scandinavia Contributors include Erik Eliasson Stefano Fogelberg Rota Andreas Hellerstedt Kristine Kolrud Jennie Nell Nils Holger Petersen Tania Preste and Birn Tjll n

Understanding Medieval Liturgy Helen Gittos, Sarah Hamilton, 2017-05-15 This book provides an introduction to current work and new directions in the study of medieval liturgy It focuses primarily on so called occasional rituals such as burial church consecration exorcism and excommunication rather than on the Mass and Office Recent research on such rites challenges many established ideas especially about the extent to which they differed from place to place and over time and how the surviving evidence should be interpreted These essays are designed to offer guidance about current thinking especially for those who are new to the subject want to know more about it or wish to conduct research on liturgical topics Bringing together scholars working in different disciplines history literature architectural history musicology and theology time periods from the ninth to the fifteenth centuries and intellectual traditions this collection demonstrates the great potential that liturgical evidence offers for understanding many aspects of the Middle Ages It includes essays that discuss the practicalities of researching liturgical rituals show through case studies the problems caused by over reliance on modern editions explore the range of sources for particular ceremonies and the sort of questions which can be asked of them and go beyond the rites themselves to investigate how liturgy was practised and understood in the medieval period **Medieval**

Liturgy Cyrille Vogel, 1986 Medieval Liturgy is more than just an English translation of Vogel s monumental work **The Liturgy of the Medieval Church** Thomas Heffernan, E Ann Matter, 2005-04-01 This volume seeks to address the needs of teachers and advanced students who are preparing classes on the Middle Ages or who find themselves confounded in their studies by reference to the various liturgies that were fundamental to the lives of medieval peoples In a series of essays scholars of the liturgy examine The Shape of the Liturgical Year Particular Liturgies The Physical Setting of the Liturgy The Liturgy and Books and Liturgy and the Arts A concluding essay which originated in notes left behind by the late C Clifford Flanigan seeks to open the field to examine liturgy within the larger and more inclusive category of ritual The essays are intended to be introductory but to provide the basic facts and the essential bibliography for further study They approach particular problems assuming a knowledge of medieval Europe but little expertise in liturgical studies per se **Liturgy and the Arts in the Middle Ages** Eva Louise Lillie, Nils Holger Petersen, 1996 This volume contains a collection of essays in

honour of the late Professor of Comparative Literature C Clifford Flanigan who died suddenly in 1993 at the age of 52 The scholarship of this book constitutes an example of the interdisciplinary approach to the study of ecclesiastical history which is the aim of the newly established Centre for Christianity and the Arts at the Theological Faculty at the University of Copenhagen Medieval Latin Liturgy in English Translation Matthew Cheung Salisbury, 2017-10-16 In this volume readers experience in English translation the colorful and varied textual fabric of the most important literary and creative repertory of the Middle Ages The public organized worship of the Church had a central role in medieval life Studying its forms and genres allows readers not only to become aware of one of the most important influences on culture and religion but also to consider these texts which were widely disseminated and had fundamental effects on daily life **Medieval Liturgy** Lizette Larson-Miller, 2019-07-08 Originally published in 1997 Medieval Liturgy is a unique and interesting collection of nine essays that explores medieval liturgy from three distinct perspectives historical liturgical and theological The book includes contributions from eminent scholars of the time and discusses the development of 9th to 11th century ordines the meaning of the Mass in the 12th and 13th centuries medieval preaching ordination practices popular penance practices marriage rites the role of music in Eucharistic liturgy and the relationship between liturgical architectural space and theology *Liturgy and Society in Early Medieval Rome* John F. Romano, 2016-05-06 The liturgy the public worship of the Catholic Church was a crucial factor in forging the society of early medieval Rome As the Roman Empire dissolved a new world emerged as Christian bishops stepped into the power vacuum left by the dismantling of the Empire Among these potentates none was more important than the bishop of Rome the pope The documents archaeology and architecture that issued forth from papal Rome in the seventh and eighth centuries preserve a precious glimpse into novel societal patterns The underexploited liturgical sources in particular enrich and complicate our historical understanding of this period They show how liturgy was the social glue that held together the Christian society of early medieval Rome and excluded those who did not belong to it This study places the liturgy center stage filling a gap in research on early medieval Rome and demonstrating the utility of investigating how the liturgy functioned in medieval Europe It includes a detailed analysis of the papal Mass the central act of liturgy and the most obvious example of the close interaction of liturgy social relations and power The first extant Mass liturgy the First Roman Ordo is also given a new presentation in Latin here with an English translation and commentary Other grand liturgical events such as penitential processions are also examined as well as more mundane acts of worship Far from a pious business with limited influence the liturgy established an exchange between humans and the divine that oriented Roman society to God and fostered the dominance of the clergy *Medieval Latin Liturgy* Richard W. Pfaff, The Liturgy in Medieval England Richard W. Pfaff, 2009-09-24 This book provides a comprehensive historical treatment of the Latin liturgy in medieval England Richard Pfaff constructs a history of the worship carried out in churches cathedral monastic or parish primarily through the surviving manuscripts of service books and sets this within the context of the wider

political ecclesiastical and cultural history of the period The main focus is on the mass and daily office treated both chronologically and by type the liturgies of each religious order and each secular use being studied individually Furthermore hagiographical and historiographical themes respectively which saints are prominent in a given witness and how the labors of scholars over the last century and a half have both furthered and in some cases impeded our understandings are explored throughout The book thus provides both a narrative account and a reference tool of permanent value

Liturgy and Devotion in the Crusader States Iris Shagrir, Cecilia Gaposchkin, 2020-05-21 Examining liturgy as historical evidence has in recent years developed into a flourishing field of research The chapters in this volume offer innovative discussion of the Latin Kingdom of Jerusalem from the perspective of liturgy in history They demonstrate how the total liturgical experience which was visual emotional motile olfactory and aural can be analysed to understand the messages that liturgy was intended to convey The chapters reveal how combining narrative sources with liturgical documents can help decode political circumstances and inter group relations and decipher the core ideals of the community of Outremer Moreover understanding the Latins liturgical activities in the Holy Land has much to contribute to our understanding of the crusade as an institution how crusade spirituality was practised on the ground in the Latin East and how people engaged with the crusading movement This volume brings together eight original studies forwarded by the editors introduction on the liturgy of Jerusalem spanning the immediate pre Crusade and Crusade period 11th 13th centuries It demonstrates the richness of a focus on the liturgy in illuminating the social religious and intellectual history of this critical period of ecclesiastical self assertion as well as conceptions of the sacred in this time and place This book was originally published as a special issue of the Journal of Medieval History

Laudes regiae Ernst Hartwig Kantorowicz, **Medieval Latin Liturgy** Richard William Pfaff, 1982

Medieval Latin Liturgy Richard W. Pfaff, 1992-09-01

Late Medieval Liturgical Offices Andrew Hughes, Pontifical Institute of Mediaeval Studies, 1994

Understanding Medieval Liturgy Sarah Hamilton, Helen Gittos, 2015-06-01 Focusing on so called occasional rituals such as burial church consecration exorcism and excommunication rather than on the Mass and Office this book provides an introduction to current work and new directions in the study of medieval liturgy Recent research on such rites challenges many established ideas especially about the extent to which they differed from place to place and over time and how the surviving evidence should be interpreted Bringing together scholars working in different disciplines periods and intellectual traditions the collection demonstrates the potential that liturgical evidence offers for understanding the Middle Ages

Medieval Latin Liturgy Richard Pfaff, 1982-12-15 This bibliography aims to cover the most important source editions of and literature concerning early Christian worship which cast light directly on the medieval Latin liturgy

The Liturgy in the Middle Ages Jaume Aurell, 2022-07-20 This collective volume examines the concept theory practice and representations of the liturgy in the Middle Ages including its sacramental developments its religious and political implications its forms of ritualization and its doctrinal presumptions It aims to create

a space for interdisciplinary dialogue between history theology canon law art history political philosophy and symbolic anthropology It privileges the examination of the transferences between the spiritual and the temporal the sacred and the profane the political and the religious The Liturgy in Medieval England Richard W. Pfaff, 2012-04-19 This book provides a comprehensive historical treatment of the Latin liturgy in medieval England Richard Pfaff constructs a history of the worship carried out in churches cathedral monastic or parish primarily through the surviving manuscripts of service books and sets this within the context of the wider political ecclesiastical and cultural history of the period The main focus is on the mass and daily office treated both chronologically and by type the liturgies of each religious order and each secular use being studied individually Furthermore hagiographical and historiographical themes respectively which saints are prominent in a given witness and how the labors of scholars over the last century and a half have both furthered and in some cases impeded our understandings are explored throughout The book thus provides both a narrative account and a reference tool of permanent value **Late Medieval Liturgies Enacted** Sally Harper, P. S. Barnwell, Magnus Williamson, 2019-03-07 This book critically explores ways in which our understanding of late medieval liturgy can be enhanced through present day enactment The book seeks to address the complex of ritual devotional musical physical and architectural elements that constitute medieval Latin liturgy the interaction of which can be so difficult to recover other than through practice In contrast with previous studies of reconstructed liturgies enactment was not the exclusive end goal of the project rather it has created a new set of data for interpretation and further enquiry Though based on a foundation of historical musicological textual architectural and archaeological research new methods of investigation are explored tested and validated throughout A distinctive feature of the work is that it seeks to understand the experience of different groups within the medieval church the clergy their assistants the singers and the laity as they participated in different kinds of rituals in both a large cathedral and a small parish church Some of the conclusions challenge interpretations of these experiences which have been current since the Reformation In addition some consideration is given to the implications of understanding past liturgy for present day worship Provided by publisher

Yeah, reviewing a ebook **Hibernia Cantans Liturgy Veneration Medieval** could increase your close connections listings. This is just one of the solutions for you to be successful. As understood, ability does not suggest that you have fantastic points.

Comprehending as competently as understanding even more than new will meet the expense of each success. neighboring to, the declaration as capably as keenness of this Hibernia Cantans Liturgy Veneration Medieval can be taken as well as picked to act.
