increasingly prominent in twenty first century scholarship Less attention however has been paid to the ways in which elements of criminology or the systematic study of crime and criminal behaviour from a wide range of perspectives have influenced the production and reception of crime narratives Similarly not enough attention has been paid to the ways in which crime fiction as a genre can inform and enliven the study of criminology Written largely for undergraduate and graduate students but also for scholars of crime fiction and criminology interested in thinking across disciplinary boundaries

Studying Crime in Fiction An Introduction provides full coverage of the backgrounds of the related fields of crime fiction studies and criminology and explores the many ways they are reciprocally illuminating The four main chapters in Section 1 Orient You familiarize readers with the history and contours of the broad fields within which Studying Crime in Fiction An Introduction operates It introduces the history of crime and criminology as well the history of crime fiction and the academic field dedicated to its study In its final chapter it looks at the ways these areas of study can be conceptually interrelated

Section 2 of the book Equip You is dedicated to examining aspects of criminological theory in relation to various forms of crime fiction It highlights a range of the most relevant theories paradigms and problematics of criminology that appear in shed light on or can be effectively illuminated through reference to crime fiction Its five chapters deal with the definition of crime explanations for crime and criminal behaviour investigations into crime the experience of crime and finally punishments for crime All of these areas are examined alongside examples of crime fiction drawn from across the genre s history

Section 3 Enable You presents six case studies Each of these reads a work of crime fiction alongside one or more criminological approaches Each case study is supplemented with a set of questions addressing issues central to the study of crime in fiction
