Joyce Toomre has done a marvelous job of translating this valuable and fascinating source book. It's the Fanny Farmer and Isabella Beeton of Russia's 19th century. Julia Child Food Arts. This is a delicious book and Indiana University Press has served it up beautifully. Russian Review should become as much of a classic as the Russian original, dazzling and admirable expedition into Russia's kitchens and cuisine. Slavic Review. It gives a delightful and fascinating picture of the foods of pre-Communist Russia. The Christian Science Monitor. First published in 1861, this bible of Russian homemakers offered not only a compendium of recipes but also instructions about such matters as setting up a kitchen, managing servants, shopping, and proper winter storage. Joyce Toomre has superbly translated and annotated over one thousand of the recipes and has written a thorough and fascinating introduction which discusses the history of Russian cuisine and summarizes Molokhovets' advice on household management. A treasure trove for culinary historians, serious cooks, and cookbook readers and scholars of Russian history and culture.
