, **Recherches Historiques sur le Système de Law** Emile Pierre Levasseur, 1854 The Library Sir John Young Walker MacAlister, Alfred William Pollard, Ronald Brunlees McKerrow, Sir Frank Chilton Francis, 1918 *Bodies of Art* Marie Lathers, 2001-01-01 To the time honored myth of the artist creating works of genius in isolation with nothing but inspiration to guide him art historians have added the mitigating influences of critics dealers and the public Bodies of Art completes the picture by adding the model This lively look at atelier politics through the lens of literature focuses in particular on the female model with special attention to her race ethnicity and class The result is a suggestive account of the rise and fall of the female model in nineteenth century realism with a final emphasis on the passage of the model into photography at the turn of the century This history of the model begins in nineteenth century Paris where the artist model dynamic was regularly debated by writers and where the most important categories of models appear to be Jewish Italian and Parisian women Bodies of Art traces an evolution in the representation of this model in realist and naturalist literary works from her birth in Balzac to her death in Maupassant in the process revealing how she played a key role in theories of representation advanced by writers Throughout the book Marie Lathers connects the artist s work to the social realities and actual bodies that surround and inhabit the atelier Her work shows how much the status of the model can tell us about artistic practices during the century of the birth of modernity **Anarchism in France** Reg Carr, 1977 *Feminizing the Fetish* Emily Apter, 2018-03-15 Emily Apter offers a fresh account of the complex relationship between representation and sexual obsession in turn of the century French culture and in particular the theme of female fetishism in the context of the feminine culture of mourning collecting and dressing **The Bookseller** , 1919 Official organ of the book trade of the United Kingdom Annual Supplement to the Catalogue of the Library of Parliament in Alphabetical and Subject Order Canada. Library of Parliament, 1923 The Rise of Office Literature Daniel Jenkin-Smith, 2025-03-20 Explores the social and cultural history of bureaucratization in 19th century Britain and France via the evolving literary portrayal of office life Literary critics have long cited the clerk in 19th century literature as an emblem of a nascent lower middle class or of shifting gender roles in the world of work Moreover there is growing critical interest in the influence of rapidly evolving organizational systems and data networks on this period s culture By refocusing on the point at which these interests meet the office The Rise of Office Literature plays a synthesizing role identifying this workplace as a point of convergence between the abstract and the quotidian between structures and workers By exploring the history of office literature a forgotten nineteenth century literary genre whose exemplars focus primarily on office life Daniel Jenkin Smith argues that the portrayal of new labour practices intellectual forms and bureaucratic technologies in English and French literature served to problematize existing narrative conventions while also enabling new developments in literary aesthetics Office literature s unique position between the ongoing process of nineteenth century bureaucratization and the rapidly evolving realist and satirical traditions of this period

s literature means that it offers an especially insightful perspective onto the interrelation of aesthetic intellectual economic and social history
