La Vie Des Huns:

La Vie Des Huns Marcel Brion,1931 *History of the Turkic Peoples in the Pre-Islamic Period / Histoire des Peuples Turcs à l'Époque Pré-Islamique* Hans Robert Roemer,2021-10-11 No detailed description available for History of the Turkic Peoples in the Pre Islamic Period Histoire des Peuples Turcs l poque Pr Islamique , **The Glory of the Empire** Jean D'Ormesson,2016-05-03 The Glory of the Empire is the rich and absorbing history of an extraordinary empire at one point a rival to Rome Rulers such as Basil the Great of Onessa who founded the Empire but whose treacherous ways made him a byword for infamy and the romantic Alexis the bastard who dallied in the fleshpots of Egypt studied Taoism and Buddhism returned to save the Empire from civil war and then retired to learn to die come alive in The Glory of the Empire along with generals politicians prophets scoundrels and others Jean d Ormesson also goes into the daily life of the Empire its popular customs and its contribution to the arts and the sciences which as he demonstrates exercised an influence on the world as a whole from the East to the West and whose repercussions are still felt today But it is all fiction a thought experiment worthy of Jorge Luis Borges and in the end The Glory of the Empire emerges as a great shimmering mirage filling us with wonder even as it makes us wonder at the fugitive nature of power and the meaning of history itself *Dictionnaire D'archéologie Chrétienne Et de Liturgie, Publié Par Le R. Macartney,László Péter,2019-07-30 Published in 1999 Professor C A Macartney was one of the foremost 20th century authorities on the history of the Danube basin His life s work included the re examination of the sources relating to early Hungarian and Pontic history This selection of his studies some of them hardly accessible because they were published in wartime conditions illuminates one of the dark corners of medieval Europe and tackles controversial questions in the history of the nomadic steppe peoples such as the Magyars Pechenegs Kavars and Cumans Macartney s treatment of the earliest

Hungarian written sources and their interpretation laid the foundation for his shorter book *The Medieval Hungarian Historians*. The present volume brings together for the first time and indexes his series of detailed studies on this material penetrating in both its analysis and scholarship this work remains indispensable for our understanding of the period and its historiography.
