La Vie Devant Moi Biographies Autobiographies:

Notes and Materials for an Adequate Biography of the Celebrated Divine and Theosopher, William Law ,1854

Postcolonial Francophone Autobiographies Edgard Sankara,2011 This book examines a cross section of postcolonial Francophone writing from Africa and the Caribbean to highlight and compare their transnational reception **The Memoirs of Toussaint and Isaac Louverture** Arthur F. Saint-Aubin,2015-07-15 This book examines the memoir of Toussaint Louverture a former slave general in the French army and leader of the Haitian Revolution and the memoir of his son Isaac The Revolution and its leaders have been studied and written about extensively Until recently 2004 however the memoir of Toussaint has received little attention and only as a historical document This is the first study that explores the 1802 work foremost as a literary text a creative production that deploys the techniques of fiction and drama to make truth claims about the past moreover this is the first book length study of Isaac Louverture s memoir The two texts are read as examples of how black men thought of themselves as men citizens and therefore how they expressed their masculinity at that historical moment as experiences of mourning and loss This study builds upon three areas of scholarship the tradition of memoir writing historicist readings of Toussaint s memoir and descriptions and theories of men and masculinity within the black Atlantic The study distinguishes itself in ways that will make it of interest to more than just historians in addition to using the intersection of race and masculinity as an analytical tool it speaks to the nature of literary creativity and it draws from studies examining the relationship between history memory and fiction As a result scholars and students in literary and cultural criticism as well as those in gender and diasporic studies will also find this study of interest and value

Temporality in Life As Seen Through Literature Anna-Teresa Tymieniecka,2007-05-09 Temporality pervades the dynamic joint of existence and the human being as such As human beings unfold through ontopoiesis each move of which punctuates the temporality of life they whose life experience deliberation planning reflection and dreaming are permeated by temporal motivations and concerns feel that they are engaged in the spinning of a common thread Attributing to that involvement universal laws constant existential validity and power they absolutise hypostasise its rule as a cosmic human factor time Yet today technologies are transforming the temporality of our existence by accelerating intensifying expanding our partaking in the world of life Human communal and social involvement is being challenged in its personal significance to the core of our being What happens to time A basic reinvestigation of the nature of temporality is called for Human creative endeavor especially literature may initiate it Having the human subject the creator at its center literature is essentially engaged in temporality whether that of the mind or of the world of life through the creative process of writing stage directing or the reader s and viewer s reception Out of the cross motivations that the creative mind filters in its temporal synthesis in touch with all the perspectives of existence there surges the deepest significance of life in humanity and culture But first of all life comes to light as timing itself in its logos Tymieniecka *Autobiographies* ,1827 **Catalogue of Printed Books in the**

Library of the British Museum British Museum. Department of Printed Books,1887 **Angelic Echoes** Ralph Sarkonak,2000-08-01 In 1990 Herv Guibert gained wide recognition and notoriety with the publication of *l ami qui ne m a pas sauv la vie* To the Friend Who Did Not Save My Life This novel one of the most famous AIDS fictions in French or any language recounts the battle of the first person narrator not only with AIDS but also with the medical establishment on both sides of the Atlantic Photography critic for *Le Monde* from 1977 1985 Guibert was also the co author with Patrice Ch reau of a film script *L Homme Bless* which won a C sar in 1984 and author of more than twenty five books eight of which have been translated into English In this vibrant and unusual study Ralph Sarkonak examines many intriguing aspects of Guibert s life and production the connection between his books and his photography his complex relationship with Roland Barthes and with his friend and mentor Michel Foucault relationships that were at once literary intellectual and personal in each case the ties between his writing and that of his contemporaries including Renaud Camus France s most prolific gay writer and his development of an AIDS aesthetic Using close textual analysis Sarkonak tracks the convolutions of Guibert s particular form of life writing in which fact and fiction are woven into a corpus that evolves from and revolves around his preoccupations obsessions and relationships including his problematic relationship with his own body both before and after his HIV positive diagnosis Guibert s work is a brilliant example of the emphasis on disclosure that marks recent queer writing in contrast to the denial and cryptic allusion that characterized much of the work by gay writers of previous generations Yet as Sarkonak concludes Guibert treats the notions of falsehood and truth with a postmodern hand as overlapping constructs rather than mutually exclusive ones or to use Foucault s expression as games with truth **British Museum Catalogue of printed Books** ,1881 *Autobiographical Themes in Turkish Literature* Olcay Akyildiz,Olcay Akyildiz,Halim Kara,Börte Sagaster,2007 Die Reihe Istanbul Texte und Studien ITS ist eine Buchreihe des Orient Instituts Istanbul Das Institut ist ein turkologisches und regional wissenschaftliches Forschungsinstitut im Verbund der Max Weber Stiftung In enger Kooperation mit türkischen und internationalen Wissenschaftlerinnen und Wissenschaftlern widmet es sich einer Vielzahl unterschiedlicher Forschungsgebiete Ausserdem ist das Orient Institut Istanbul aktiv auf dem Gebiet des wissenschaftlichen Austausches zwischen Deutschland und der Türkei Der 6 Band dieser Reihe beinhaltet *Autobiographical Themes in Turkish Literature Theoretical and Comparativ Perspectives* **Paul Valéry and the Voice of Desire** Kirsteen H. R. Anderson,2000 The concept of voice was of central importance to Valery It was representative of the most intimate aspects of the self the means by which we achieve consciousness and affirm meaning the knowledge of a lost unity and the desire to recapture it Interweaving analysis of Valery s poetry and prose with wider critical concerns Kirsteen Anderson shows that voice is central not only to the study of Valery s writing but also to a range of issues in contemporary critical enquiry notably autobiography psychoanalysis and feminism **MLA International Bibliography of Books and Articles on the Modern Languages and Literatures** ,2008 **The Enigma of Isaac Babel** Gregory Freidin,2009-10-21 A literary cult figure on a par with

Franz Kafka Isaac Babel has remained an enigma ever since he disappeared along with his archive inside Stalin's secret police headquarters in May of 1939 Made famous by Red Cavalry a book about the Russian civil war he was the world's first embedded war reporter another book about the Jewish gangsters of his native Odessa and yet another about his own Russian Jewish childhood Babel has been celebrated by generations of readers all craving fuller knowledge of his works and days Bringing together scholars of different countries and areas of specialization the present volume is the first examination of Babel's life and art since the fall of communism and the opening of Soviet archives Part biography part history part critical examination of the writer's legacy in Russian European and Jewish cultural contexts The Enigma of Isaac Babel will be of interest to the general reader and specialist alike

The Originality and Complexity of Albert Camus's Writings E. Vanborre, 2012-10-19 Fifty years after Camus's untimely death his work still has a tremendous impact on literature From a twenty first century vantage point he offers us coexisting ideas and principles by which we can read and understand the other and ourselves Yet Camus seems to guide us without directing us strictly his fictions do not offer clear cut solutions or doctrines to follow This complexity is what demands that the oeuvre be read and reread The wide ranging articles in this volume shed light concentrate on the original aspects of Camus writings and explore how and why they are still relevant for us today
