A well-researched and engaging biography that offers a glimpse into the mind of a business genius. Some sections could have delved deeper into his personal side, but overall, an excellent read for those interested in corporate success stories. A compelling mix of biography and business strategy. The book does a great job of capturing Ratan Tata's impact on the Tata Group and beyond. A few chapters felt slightly repetitive, but the insights make up for it. While the book is insightful and motivational, it focuses more on the business aspects rather than personal anecdotes. I was hoping for a more intimate portrait of Ratan Tata. Still, a solid read for business-minded readers. One of the best books on leadership and business ethics. Ratan Tata's journey is incredibly inspiring, and this book captures his essence beautifully. Highly recommended for anyone looking to learn from one of the greatest minds in business.
