

The book cover features a complex, layered illustration. In the upper left, a large, close-up face of a man with a beard and intense eyes is partially visible. Below this, a large, dark, rectangular structure resembling a brick wall or a tomb dominates the center. To the right, a landscape with pyramids and a bright, fiery sky is depicted. In the foreground, several figures are shown, including a man in a dark turban and a woman in a headscarf. The overall color palette is dominated by warm, fiery tones of orange, red, and yellow, contrasting with the dark, shadowed areas.

## **Islam as Others Saw It: A Survey and Evaluation of Christian, Jewish and Zoroastrian Writings on Early Islam**

Robert G. Hoyland, 2014-01-10 This book offers a new approach to the vexing question of how to write the early history of Islam The first part discusses the nature of the Muslim and non Muslim source material for the seventh and eighth century Middle East and argues that by lessening the divide between these two traditions which has largely been erected by modern scholarship we can come to a better appreciation of this crucial period The second part gives a detailed survey of sources and an analysis of some 120 non Muslim texts all of which provide information about the first century and a half of Islam roughly A D 620 780 The third part furnishes examples according to the approach suggested in the first part and with the material presented in the second part how one might write the history of this time The fourth part takes the form of excursions on various topics such as the process of Islamization the phenomenon of conversion to Islam the development of techniques for determining the direction of prayer and the conquest of Egypt Because this work views Islamic history with the aid of non Muslim texts and assesses the latter in the light of Muslim writings it will be essential reading for historians of Islam Christianity Judaism or Zoroastrianism indeed for all those with an interest in cultures of the eastern Mediterranean in its traditional phase from Late Antiquity to medieval times [The Global Impact of Religious Violence](#) Andre Gagne, Spyridon Loumakis, Calogero A. Miceli, 2016-10-25 Acts of terror are everywhere Not one day goes by without hearing about the latest suicide bomb in Baghdad knife stabbing in Germany or shooting spree in France or in the United States A Christian extremist preacher claims that homosexuals deserve to die because he considers their lifestyle to be sinful groups like ISIS perpetrate

genocide against religious minorities and call for global jihad against infidels Buddhist monks in Myanmar persecute the Rohingya for fear that the Muslim minority destroy their country and religion All these actions seem to be somehow religiously motivated where the actors claim to act in accordance with their beliefs In the midst of this spiral of violence seen across traditions and geographical locations there is a pressing need to understand why people act as such in the name of their faith The Global Impact of Religious Violence examines why individuals and groups sometimes commit irremediable atrocities and offers some solutions on how to counter religiously inspired violence

**Violence in Early Islam** Marco Demichelis, 2021-03-25 The concept of jihad holds a prominent place in Islamic thought and history Beyond its spiritual meanings the term has historically been associated with the sweeping Arab Believers conquests of the 7th-8th century BCE But given advances in our understanding of the historicity and chronology of the Qur'an and early Islamic texts is it correct to identify jihad and Islam with violent conquest In this book Marco Demichelis explores the history of the concept of jihad in the early proto-Islamic centuries 7th-8th Deploying an interdisciplinary approach which combines the hermeneutical study of the famous Verses of the Sword within the Qur'an itself with historical writing by Islamic chroniclers as well as non-Islamic sources numismatics epigraphical and architectural evidence the book questions the relationship between the religious concept of jihad and the conquests The book argues that Christian Byzantine Foederati forces who previously fought against the Persians may have had a formative effect on the later emergence of more bellicose rhetoric In so doing it calls into question assumptions about warlike attitudes inherent within Islamic doctrine and reveals a more nuanced and complicated history of religious violence in the pre proto and early Islamic period

**Islam's Jesus** Zeki Saritoprak, 2020-05-01 Accessible and readable Spotlights an important theological theme in a way that both illuminates its internal development in Islamic thought and presents it as a helpful basis for interreligious discussion The topic is very much in need of teaching and discussion and is a fine example of common ground John Renard author of *Islam and Christianity* Contains valuable and fascinating material about how classical Muslim theologians treated various aspects of Jesus and in particular the role of Jesus in Islamic eschatology Saritoprak brings new insights from contemporary Turkish thinkers to bear on the issues raised by the Jesus figure in Islamic narratives about the Last Days Marcia Hermansen author of *Shah Wali Allah's Treatises on Islamic Law* A refreshingly easy read that makes a complex world of theology and interfaith relations accessible and enjoyable for readers of all backgrounds Jonathan Brown author of *Hadith Muhammad's Legacy in the Medieval and Modern World* Few people realize that Jesus was a prominent messenger of God in Islam and that Muslims believe in the return of Jesus Even among Muslims it is not well known that there are diverse interpretations of references to Jesus in the Qur'an and the Hadith Aiming to remedy this Islam's Jesus takes a bold yet candid look at the highly charged topic of Jesus's place in Islam exploring some of the religion's least understood aspects Examining multiple intellectual traditions Zeki Saritoprak makes clear the reality of pluralism in the history of Islamic religious scholarship Actively engaged in efforts to promote interfaith dialogue and harmony Saritoprak thoughtfully argues that the shared belief in Jesus presents an excellent opportunity for understanding between Muslims and Christians Together they constitute more than half of the world's population and such understanding may be a foundation for peace
