Paterson, 2000-04-07 Understanding Global Environmental Politics develops a new critical approach to global environmental politics It argues that the major power structures of world politics are deeply problematic in ecological terms and that they cannot be easily used to resolve major environmental challenges such as global warming Instead of simply advocating the construction of new international institutions to respond to such challenges therefore the book argues that the construction of alternative social and political structures is necessary

Requiem in E Sharp Joan De La Haye, 2019-01-26 Pretoria's symphony of screams starts with E sharp Haunted by the rape and murder of his mother Nico drowns his pain by putting killers behind bars When meticulously chosen women become the twisted notes in a serial killer's song Nico is the only one who hears the dissonance He's in a deadly duet with The Bathroom Strangler a maestro of murder whose twisted score demands silence As pressure mounts from both the killer and his superiors Nico faces a crescendo of his own demons Can he untangle the web of seemingly unrelated victims before the final bloodcurdling note In a city gripped by fear the body count rises with each haunting melody Prepare for an unforgettable exploration of darkness where redemption and vengeance clash in a heart stopping finale Requiem in E Sharp is not for the faint of heart It's a brutal immersion into the depths of the human psyche where Joan De La Haye masterfully blends suspense psychological torment and the razor thin line between good and evil Get ready to be consumed by the killer's chilling concerto
