

LRIT system architecture

The ship operator's obligation under the LRIT regulation is to ensure provision of compliant equipment to transmit the identity of the ship, the position and date and time of the position to the Data Centre nominated by the Flag Administration / Ship Registry. In addition, the transceiver must be able to respond to polling for an on-demand position report and be able to immediately respond to instructions to modify the automatic reporting interval to a frequency of a maximum of once every 15 minutes. Automatic Position Reports will be transmitted at a minimum four times per day to your Flag's National Data Centre.

Why test with Pole Star?

We understand the LRIT system and what is required. We attend and contribute to the relevant IMO COMSAR, NAV, MSC, Engineering and Working Group meetings. We work with all the major satellite equipment manufacturers, communications service providers, land earth station operators, Inmarsat and other satellite communication network providers to ensure that the LRIT system works end-to-end. Pole Star is an LRIT Data Centre Administrator and an Authorised Testing ASP for over 90 Flags. See www.lrit.com for the latest information.

Pole Star's system manages all aspects of the test, including: terminal commissioning, satellite communications network management, post-test de-commissioning, production of a detailed test result and provision of a conformance test certificate if required. Testing of shipborne Inmarsat C equipment began in July 2008 and we have conducted over 25,000 tests since then.

Our technical capability is backed up by a professional, multi-lingual customer support team with offices in both Hong Kong and the United Kingdom. Ship operators who test their LRIT transceivers with Pole Star will also be offered a free trial of our commercial Fleet Management product.

Why test now?

The vessel shows its compliance to the regulation by having on board a valid CTR, issued on behalf of their flag, in accordance with the provisions of MSC.1/Circ.1307 on Guidance on the survey and certification of compliance of ships with the requirement to transmit LRIT information.

A vessel must show compliance by the date of its first survey after 31 December 2008 or at change of flag (considered the first survey after 31 December 2008).

Although a number of Flag States are still to implement their operational LRIT Data Centre as required by Regulation V/19-1, in order to prevent Port State Controls from penalizing ships of these flags, the IMO's Maritime Safety Committee approved transitional arrangements for the compliance of vessels.

This means that as long as the vessel has complied with its LRIT obligation (provided a tested and certified transceiver in advance of the radio survey date) within the deadline, it cannot be sanctioned for matters outside its control. With this in mind, ship operators are advised to test their transceivers in good time.

management of marine systems This book focuses on the cutting edge coverage of a wide spectrum of activities and topics such as GIS based application of drainage basin analysis contribution of ontology to marine management geoinformatics in relation to fisheries management hydrography indigenous knowledge systems and marine law enforcement The authors present a comprehensive overview of the field of Geoinformatic Applications in Marine Management covering key issues and debates with specific case studies illustrating real world applications of the GIS technology This box of tools serves as a long term resource for coastal zone managers professionals practitioners and students alike on the management of oceans and the coastal fringe promoting the approach of allowing sustainable and integrated use of oceans to maximize opportunities while keeping risks and hazards to a minimum

[Preventing the Maritime Facilitation of Terrorism](#) Robin Bowley, 2022-12-30 In the aftermath of the 9 11 attacks concerns that terrorists might utilise vessels to transport weaponry terrorist operatives and or to finance their activities prompted several international legal developments This book evaluates the extent to which the international maritime security measures developed following the 9 11 attacks would be likely to prevent the utilisation of vessels to facilitate terrorist activities It considers the likely effectiveness of the International Ship and Port Facility Security Code for improving vessel and port security and the 2005 Protocol to the Convention for the Suppression of Unlawful Acts Against Maritime Navigation in facilitating the interdiction of suspected terrorist vessels It also explains how the US led Proliferation Security Initiative a cooperative effort through which participant governments agree to prevent the illicit transfers of Weapons of Mass Destruction and related materials has provoked debate about the legality of vessel interdictions under the United Nations Convention on the Law of the Sea the LOSC After exploring alternative interpretations of the LOSC and states self defence rights under Article 51 of the Charter of the United Nations it formulates suggested guidelines for the unilateral interdiction of suspected terrorist support vessels in exceptional circumstances The book also discusses the relevant recommendations by the OECD s Financial Action Taskforce for preventing the financing of terrorism and the national maritime security legislation for preventing the maritime facilitation of terrorist activities in the United Kingdom and in Australia The book concludes by emphasising the importance of the continual active implementation of ship port facility and supply chain security measures and of further enhancing international cooperation to facilitate vessel interdictions It will be of interest to those working in the areas of Law and Terrorism Law of the Sea Maritime Law and Insurance and International Law

Conflictology Francis Onditi, 2020-05-28 Over the past three decades scholars students and policy makers studying and engaged in conflict resolution have veered between conflict management and resolution However the changing nature of conflict which is taking the form of radicalization and extremism are deeply rooted in individual s ideology personalities and genes hence rendering the conventional macro level power balance analytics obsolete The psychology and human genetics are at the center of this evolution This shift in conflict trends and methods of warfare in Africa and the world over demands that we search for alternative approaches mechanisms and innovative response It is

against this background that this new book initiates a fundamental debate on how interdisciplinary adventure could increase the understanding of man kind and the socio biological systems surrounding man hence the emphasis on the discipline of Conflictology to embody scientific approaches methods and prescription to conflict resolution For instance does individual s gene influence human behaviours such as hate If so can this be corrected through gene transposition If human relations should be anchored on peace what are these genetic and behavioural factors that creat hate and violence How then should such a gene or neurobiological system be altered in order to prevent extremism and radicalization

Adopting the Beat of Appearance: An Emotional Symphony within **Lrit Domain Users Manual**

In a world used by screens and the ceaseless chatter of instantaneous conversation, the melodic beauty and emotional symphony created by the published word often disappear into the background, eclipsed by the relentless noise and disturbances that permeate our lives. However, situated within the pages of **Lrit Domain Users Manual** a stunning fictional treasure overflowing with natural feelings, lies an immersive symphony waiting to be embraced. Crafted by an outstanding composer of language, that fascinating masterpiece conducts viewers on a psychological journey, skillfully unraveling the hidden songs and profound impact resonating within each carefully crafted phrase. Within the depths of this touching examination, we shall explore the book's main harmonies, analyze their enthralling publishing fashion, and submit ourselves to the profound resonance that echoes in the depths of readers' souls.
