Flanzraich,2014-02-24 A very small number of people with IQs of over 1 000 secretly live among us concealing their extraordinary intelligence and mental powers They call themselves Geniuses and have for millennia influenced our world Over the centuries evil Geniuses have tried to control ordinary people who they refer to as Ordinaries and dominate the world Good Geniuses have opposed them defending the rights of Ordinaries to control their own destinies and live in freedom A major confrontation between good and evil Geniuses is about to begin The fate of the world hangs in the balance **A Girl Named Lovely** Catherine Porter,2019-02-26 An insightful and uplifting memoir about a young Haitian girl in post earthquake Haiti and the profound life changing effect she had on one journalist s life In January 2010 a devastating earthquake struck Haiti killing hundreds of thousands of people and paralyzing the country Catherine Porter a newly minted international reporter was on the ground in the immediate aftermath Moments after she arrived in Haiti Catherine found her first story A ragtag group of volunteers told her about a miracle child a two year old girl who had survived six days under the rubble and emerged virtually unscathed Catherine found the girl the next day Her family was a mystery her future uncertain Her name was Lovely She seemed a symbol of Haiti both hopeful and despairing When Catherine learned that Lovely had been reunited with her family she did what any journalist would do and followed the story The cardinal rule of journalism is to remain objective and not become personally involved in the stories you report But Catherine broke that rule on the last day of her second trip to Haiti That day Catherine made the simple decision to enroll Lovely in school and to pay for it with money she and her readers donated Over the next five years Catherine would visit Lovely and her family seventeen times while also reporting on the country s struggles to harness the international rush of aid Each trip Catherine s relationship with Lovely and her family became more involved and more complicated Trying to balance her instincts as a mother and a journalist and increasingly conscious of the costs involved Catherine found herself struggling to align her worldview with the realities of Haiti after the earthquake Although her dual roles as donor and journalist were constantly at odds as one piled up expectations and the other documented failures a third role had emerged and quietly become the most important that of a friend A Girl Named Lovely is about the reverberations of a single decision in Lovely s life and in Catherine s It recounts a journalist s voyage into the poorest country in the Western hemisphere hit by the greatest natural disaster in modern history and the fraught messy

realities of international aid It is about hope kindness heartbreak and the modest but meaningful difference one person can make **School for Skylarks** Sam Angus,2017-07-27 It is 1939 When Lyla is evacuated from her home in London to her great aunt s enormous house in the West Country she expects to be lonely She has never been to school nor had any friends and her parents have been at the centre of a scandal But with the house being used to accommodate an entire school of evacuated schoolgirls there s no time to think about her old life Soon there is a horse in a first floor bedroom and a ferret in Lyla s sock drawer hordes of schoolgirls have overrun the house and Lyla finds out that friends come in all shapes and sizes
