

A woman with long dark hair is shown from the chest up, seated in a roller coaster car. She has a look of intense fear or shock, with her mouth wide open in a scream and her eyes squeezed shut. The background is dark and blurry, suggesting a night scene or a dimly lit indoor setting. The roller coaster car's structure is visible around her.

Mating Season Of The Merman:

Mating Season of the Merman Moxie Morrigan, In this sequel to Mating Season of the Dragons wildlife researcher Bambi is visiting a tropical isle during her winter months when she hears enticing rumors about some special natives indeed mermen and mermaids lived there at one time Upon finding one she learns why such creatures were so irresistible to lonely sailors as his hypnotic voice drives her wild Will Bambi once more be unable to resist getting way too close to her research This story is 3 024 words long and contains scenes intended for a mature audience The creature s eyebrows went up slightly and he smiled at her gestures Just that alone was enough to make her melt He was gorgeous The generous lips parted and she got a glance of strong sharp looking teeth Despite his somewhat human upper half she had to assume they were somewhat predatory Fish shellfish that sort of thing Damn She wished she could ask him questions He spoke and Bambi didn t understand a word She actually found herself holding her breath It almost hit her like a physical force a ripple of sudden pleasure washing over her as he formed words some vibration of it rippling through her body like a shockwave She had never sensed anything like it before almost like a perfect musical note in every word and phrase Her eyes halfway lidded as a spark of heat flashed between her legs She almost squirmed in place She was left staring at him for a moment trying to understand it No wonder mermaids were known to drive sailors mad with their voices alone with their calls The vibrations released dopamine she was guessing some perfect cocktail of hormones and enzymes Holy shit Bambi found herself muttering out loud That s quite a uh name you have there She was still stunned trying to wrap her mind around what had just happened the sudden arousal flickering to life inside of her He smiled at her now seeming a little sly satisfied with himself as she struggled to right her thoughts He had managed to wreck her with mere words Who else could make that claim He ducked his head for a moment possibly drawing water through his lungs before he was hauling himself onto the rock next to her revealing the strange combination of his body Scales reached all the way up to his hips glistening wetly a perfect true blue with green edging to each little hard triangle The tail was long almost serpentine and Bambi was reaching down to feel the curve of his hip the powerful flex of his muscles He wasn t slimy at all not like an actual fish Once more he reminded her more of a serpent He curled on his side facing her that long tail lazily dipping off the side of the rock He just smiled at her enthusiasm possibly seeing her as childish but she didn t care This was too perfect to pass up even if the merman she found was a bit of a little showoff
