Essays & Term Papers  
A complete guide to writing essays and term papers  
Includes: How to choose a topic, How to research, How to write, How to revise, How to present

**How to choose a topic**  
The first step in writing an essay is to choose a topic. This should be a subject that interests you and one that you are familiar with. It should also be a subject that is relevant to the course and one that you can research easily. Once you have chosen a topic, you should then choose a specific question or problem to investigate. This will be the focus of your essay and the one that you will be answering.

**How to research**  
Once you have chosen a topic, you need to research it. This involves finding out what has already been written about the topic and what your own ideas are. You should use a variety of sources, including books, articles, and the internet. You should also talk to your tutor or other people who are familiar with the topic. This will help you to develop your own ideas and to find out what you need to write.

**How to write**  
Once you have researched your topic, you need to write your essay. This should be a clear and logical argument that answers the question or problem that you have chosen. You should use evidence from your research to support your argument and to show that you have a good understanding of the topic. You should also write in a clear and concise style, using simple sentences and avoiding unnecessary words.

**How to revise**  
Once you have written your essay, you need to revise it. This involves checking your work for errors and making sure that your argument is clear and logical. You should also check that you have answered the question or problem that you have chosen and that you have used evidence from your research to support your argument. You should also check that your writing is clear and concise and that you have avoided unnecessary words.

**How to present**  
Once you have revised your essay, you need to present it. This involves making sure that your essay is well organized and that it is easy to read. You should also make sure that you have a clear introduction and conclusion and that you have used headings and sub-headings to organize your work. You should also make sure that you have a good title and that you have a clear list of references.
