Conversations With the Void Richard Parr, What happens when we dare to speak into silence knowing there may be no reply In Conversations With the Void Richard Parr turns his attention to the most unsettling of companions the absence at the heart of existence With wit clarity and a surprising warmth Parr explores what it means to live love and think in a universe that offers no easy answers Through meditations on nothingness loss creativity and the strange solace of stillness he invites us to see that the void is not only a space of despair but also one of possibility In its quiet we may uncover new ways of listening to ourselves to each other and to the fragile threads of meaning we weave into our days This is not a book of conclusions but of openings A gentle guide for those willing to face the emptiness and perhaps find within it a different kind of fullness **The Murmuring Deep** Avivah Gottlieb Zornberg,2011-10-04 A book that enhances our appreciation of the Bible explaining exploring and deepening our sense of what it means to be a human being of faith in a world as fractured and fragmentary as ours Forward Avivah Gottlieb Zornberg informs her literary analysis of the biblical text with concepts drawn from Freud Winnicott Laplanche and other psychoanalytic thinkers to make a powerful argument for the idea that the creators of the midrashic commentary the medieval rabbinic commentators and the Hassidic commentators were themselves on some level aware of the complex interplay between conscious and unconscious levels of experience and used this knowledge in their interpretations In her analysis of the stories of Adam and Eve Noah Jonah Abraham Rebecca Isaac Joseph and his brothers Ruth and Esther Zornberg reveals the interaction between consciousness and unconsciousness Delver Magic Book I: Sanctum's Breach Jeff Inlo,2010-08-20 A rolling tremor passes through the land of Uton signaling a return of long absent magic as well as an ancient evil that accompanies it Ryson Acumen purebred delver senses the changes and begins his explorations to discover the source behind the upheaval In his investigations he learns that legends he considered

fables hold more truth than fantasy The delver encounters elves and learns the Sphere of Ingar a talisman that captured all magical energies long ago is free from its tomb in Sanctum Mountain As violent evil creatures return to shred the very fabric of reality the sphere gains awareness and chooses to spew corrupted magical energies to obliterate all life The sphere must be destroyed but it rests within Sanctum a hollow mountain with a single path to its center The way to the sphere remains defended by devices created long ago forged by members of each race to thwart entry to the mountain s core Those that wish to defeat the sphere must not only overcome these barriers they must conquer the mistrust which has flourished during the long period of separation Human elf dwarf algor and delver must reunite to defeat the obstacles that now protect the sphere Once inside Sanctum representatives of each race face the secrets of the ages that once undone will change their lives forever
