

TECHNIQUES OF EXPANDED DEFINITION

TECHNIQUES IN EXPANDED DEFINITION	EXAMPLE
1. Etiymology - explains the origin of the word itself.	Literature came from the Latin word <i>littera</i> which means letter.
2. Etymology - discusses the history of the term/ its use /historians associated with it	Democracy was realized in the Philippines when the then President Corason Aquino won the presidential election against President Ferdinand Marcos.
3. Cause and Effect - discusses how the situation came about and what effects it may have.	The increasing greenhouse gases in the atmosphere cause global warming.
4. Description - lists and defines the component parts	Reading is indeed a cognitive process as it involves predicting, inferring and relating to experience.
5. Principles of Operation - discusses how topic in question functions, including any special materials or conditions required.	Microscope magnifies a small object or to that cannot be seen by the naked eye.
6. Classification - shows how the topic fits into a larger category.	A claim can be classified into claim of fact, claim of value and claim of policy.
7. Contrast/Negation - shows how the topic differs from others in the same class.	Listening is not the same as hearing as the latter is an accidental and effortless perception of sounds by the ear.
8. Comparison - shows how the topic is similar to others in the class.	Reading is similar to writing as both are cognitive process of constructing meaning.
9. Analogy - explains by comparing two dissimilar topics, where the second is easier to the audience.	Education is an indispensable weapon that will guard us against lies and deceit.
10. Example or anecdote - tells a story or example that illustrates the term.	Social media provides us with many benefits like connecting with people around the globe, updating ourselves with the latest events, educating others and improving business sales.
11. Verbal characteristic - describes how something looks, feels, sounds, tastes, smells.	Dorian is a timely and spicy food but has a sweet and creamy texture.
12. Problem, solution - states if the term defined represents a problem or solution.	Discipline is what we need to stop the spread of COVID-19.
13. Purpose - states the intention of something.	Research contributes to the development of new information in any field of study.

1. Global warming is the reason why sea levels rise and the glaciers slowly shrink.
2. Literature is classified into prose, poetry and drama.
3. Research is derived from the Middle French "recherche", which means "to go about seeking".
4. Literature reflects works of imagination and aesthetics which are distinguished for the beauty in style like fiction, poetry or essay.
5. The freedom that we are enjoying now was fought by our mighty heroes during the colonial era.

Speed is a concept that marks our day. Sluggishness is out. Speed is demanded by industry which is constantly on look-out for new inventions. Sluggishness is penalized, especially in industries where compensation depends upon output. Speed is the attractive come-on for short-term courses in cooking, computerling, sewing, dancing, learning a new language, and others. The slower long-term courses are not so appealing. Instant coffee is usually preferred to coffee that needs to be boiled. Yes, speed is the word of the day (Gorgon, et al., 2010).

Speed is a concept that marks our time. Everybody is in a hurry to go somewhere. Industry is constantly demanding new inventions that will speed up production so that the constant cry of the bosses to the workmen is speed it up! The maker of automobiles boasts of the newest type of a car which is faster than the old model. Shoppers push and shove each other all about the counters. All are in a hurry to get something. People who are going to school, shop, or office rush breathlessly to do important tasks, they gulp their food and swallow it in haste. (Gorgon, et al., 2010).

The process of speeding up in a vehicle begins with the setting of the gear level to the first gear. This moves the vehicle from a stationary to a slow speed of about less than ten kilometers per hour (kph). Gradually you shift the gear to the next, pressing the accelerator pedal at the same time to attain a speed between 10-30 kph. You pick up more speed by shifting gears to the next higher levels at speed beyond 30 kph. To do this, however along with the shift or fourth gear, ever-increasing pressure must be exerted on the accelerator.

Poetry is a genre of literature that uses imagery, rhythm, and figurative language to convey a message. The word is derived from the Greek word *poiesis* which means 'making/make'. It is written to express one's feelings, ideas or emotions about

something or someone in creative way. Poetry is divided into three types, namely lyrical, narrative and dramatic poetry. It is distinct from other forms of literature because it is written in verse form and it tends to be more creative in the use of words, unlike prose which is written in paragraph form and is straightforward.
