Expected Cutoff Point 2016 In Kenya

Christina Julios

Expected Cutoff Point 2016 In Kenya:

The Report: Kenya 2016 Oxford Business Group, 2015-12-15 The Kenyan economy performed comparatively well in 2015 even in the face of global economic headwinds According to the World Bank GDP growth is expected to reach 5.4% for the year aided in large part by sustained public sector capital spending The country has a strong private sector and received encouraging signs of new oil gas and water reserves which if harnessed appropriately bode well for future growth The country's medium to long term economic outlook is robust With over 40% of the population under the age of 15 Kenya stands to benefit from a significant demographic dividend provided that sufficient jobs can be found when this population enters the workforce The country has a reasonably sized industrial base competitive infrastructure and a large agricultural sector all of which offer opportunities for capital intensive investment

School Systems, Parent Behavior, and Academic Achievement Emma Sorbring, Jennifer E. Lansford, 2019-09-17 This volume takes an international and multidisciplinary approach to understanding students academic achievement It does so by integrating educational literature with developmental psychology and family studies perspectives Each of the nine chapters focuses on a particular country China Colombia Italy Jordan Kenya the Philippines Sweden Thailand or the United States It describes the country as a cultural context examines the current school system and parenting in light of the school system and provides empirical evidence from that country regarding links between parenting and students academic achievement The book highlights similarities and differences in education and parenting across these nine countries all varying widely in socioeconomic and cultural factors that affect schools and families The volume contributes to greater understanding of links between parenting and academic performance in different cultural groups It sheds light on how school systems and parenting are embedded in larger cultural settings that have implications for students educational experiences and academic achievement As two of the most important contexts in which children and adolescents spend time understanding how schools and families jointly contribute to academic achievement holds promise for advancing the international agenda of promoting quality education for all

Kenya International Monetary Fund. African Dept., 2017-02-02 This paper discusses Kenya's First Reviews Under the Twenty Four Month Stand by Arrangement SBA and the Arrangement Under the Standby Credit Facility and Requests for Waivers of Applicability Rephrasing of Disbursements and Modification of Performance Criterion PC Macroeconomic developments have been broadly in line with the program including strong growth and lower current account deficits On fiscal policy revenue shortfalls in FY2015/16 were more than offset by under execution of public investment The IMF staff recommends completion of the first reviews and supports the authorities requests for waivers of applicability for SBA for end December 2016 PC rephrasing of disbursements and modification of PC

The Report: Kenya 2017 , As the largest economy in the EAC and COMESA in terms of GDP Kenya has positioned itself as a major economic power in sub Saharan Africa Traditionally a largely agrarian economy Kenya has quickly entrenched its position as a manufacturing logistics and technology hub in the

region and this diversification forms a solid platform from which the government can generate economic growth over the coming years The resolution of the electoral process improving business confidence and strong private consumption are likely to support GDP expansion over 2018 and into 2019 In April 2018 the IMF estimated the economy would expand by 5.5% in 2018 and 6% in 2019 compared to 4.8% in 2017 Advancing Africa's Sustainable Development Alain L.

Fymat,2018-11-14 While many African countries lag behind the rest of the industrialised world in scientific and medical research and development the situation is progressively improving This is why the Society for the Advancement of Science in Africa was established to contribute to economic advancement and sustainability through science research education and innovation This book provides a selection of papers from the Advancement of Science in Africa's fourth annual conference The conference was held under the overarching theme of science technology and innovation in Africa with several important sub themes including but not limited to improving health research and disease surveillance education collaborating in research responding to epidemic diseases with high mortality in Africa and promoting women's interest in science careers The collection illustrates how although the chapter contributors come from various countries and universities representing their own academic research they all share a common interest in advancing science technology and innovation in Africa

The Report: Bahrain 2016 Oxford Business Group,2016-02-18 The energy sector still represents the biggest contributor to the kingdom's GDP although its share of the economy has been falling as non oil sectors continue to drive growth The kingdom's financial sector represents the second largest contributor to GDP accounting for 16.5% in 2014 with Bahrain recognised as a pioneer in Islamic finance having been the first country in the world to introduce and implement rules specific to Islamic banking in 2001 Manufacturing is the third largest GDP contributor at 14.4% of the total in 2014 with the kingdom home to one of the world's largest aluminium smelters Meanwhile Bahrain continues to invest in considerable infrastructure upgrades and these are expected to enhance the kingdom's logistics offerings as well as help facilitate greater tourism numbers For its part tourism has been identified as an area with significant potential for growth with the Supreme Council for Tourism created to help guide and develop the sector **The Report: Kuwait 2016** Oxford Business

Group,2016-09-16 Home to the largest per capita reserves and fourth largest total reserves of crude oil within OPEC Kuwait's public finances have suffered in 2016 following the rapid decline in oil prices which drove oil revenues down from 108.6bn in 2013 to 51.8bn in 2015 Despite this Kuwait has resisted significant budgetary cutbacks spending levels in 2016 were cut by just 1.6% and the considerable financial buffers built up from budget surpluses in the years leading up to 2014 are expected to cushion the budget deficit The country continues to push ahead with key public investments with Parliament allocating 155bn to the Kuwait Development Plan 2015-20 to fund infrastructure utilities and housing developments The plan focuses on further integrating the private sector into areas of the economy traditionally under state control and aims to raise the non oil sector's GDP contribution to 64% in 2015-20 up from an average of 45.1% in 2010-13 Elsewhere promising moves

are being made to cut state subsidies with the government opting to liberalise diesel and kerosene prices and reduce subsidies on aviation fuel in January 2015 generating savings equal to 0.3% of GDP [The Report: Oman 2016](#) Oxford Business Group, 2016-01-12 Oman's GDP grew 4.6% between 2013 and 2014 according to the Oman Central Bank with hydrocarbons the main driver of the economy at almost 50% of GDP. Although the dip in oil prices has put pressure on government revenues, authorities are pressing ahead with spending plans for the sector, particularly in the downstream segment. The country's infrastructure expansion plans are also moving forward, particularly at the country's three ports as the country seeks to leverage its strategic position on the Strait of Hormuz and establish itself as a global transport and logistics hub. Feeding off this development drive are the sultanate's banks, with project finance regarded as one of the most promising areas for lending growth. In the longer term, Oman Vision 2020 seeks to boost private sector participation in the economy and fuel SME growth in key sectors including construction, retail, tourism and transport. [The Report: Qatar 2016](#) Oxford Business Group, 2016-01-25 Qatar's sizeable oil and natural gas reserves have underpinned its rapid economic growth over the past two decades. Home to the world's largest non-associated gas field, the country is the world's fourth largest producer of dry natural gas and the largest producer of liquefied natural gas, with hydrocarbons revenues forming the bulk of national income as a result. Although the drop in global energy prices has impacted export revenues, rigorous economic diversification drives in recent years have paid dividends and in 2015 non-hydrocarbons growth reached 7.7% compared to a 0.1% contraction for hydrocarbons growth during the same period. The country's financial sector has continued to evolve. Islamic banking, in particular, has witnessed significant progress. Meanwhile, [A Practical Guide to Global Point-of-Care Testing](#) Mark Shephard OAM, 2016-11-01 Point of care testing (POCT) refers to pathology testing performed in a clinical setting at the time of patient consultation, generating a rapid test result that enables informed and timely clinical action to be taken on patient care. It offers patients greater convenience and access to health services and helps to improve clinical outcomes. POCT also provides innovative solutions for the detection and management of chronic, acute and infectious diseases in settings including family practices, indigenous medical services, community health facilities, rural and remote areas and in developing countries where health care services are often geographically isolated from the nearest pathology laboratory. [A Practical Guide to Global Point of Care Testing](#) shows health professionals how to set up and manage POCT services under a quality assured, sustainable, clinically and culturally effective framework, as well as understand the wide global scope and clinical applications of POCT. The book is divided into three major themes: the management of POCT services; a global perspective on the clinical use of POCT; and POCT for specific clinical settings. Chapters within each theme are written by experts and explore wide-ranging topics such as selecting and evaluating devices, POCT for diabetes, coagulation disorders, HIV, malaria and Ebola, and the use of POCT for disaster management and in extreme environments. Figures are included throughout to illustrate the concepts, principles and practice of POCT. Written for a broad range of practicing health

professionals from the fields of medical science health science nursing medicine paramedic science Indigenous health public health pharmacy aged care and sports medicine A Practical Guide to Global Point of Care Testing will also benefit university students studying these health related disciplines *The Report: Dubai 2016* Oxford Business Group,2016-10-17 Financial services in particular is one non oil area where the emirate is starting to pull ahead with recent growth in the Islamic financial services segment fuelling the emirate s ambition of becoming the knowledge based capital of the Islamic economy in the future Meanwhile Dubai s real estate and construction sectors which were badly affected by the 2008 financial meltdown are once again thriving as the legacies of the global crisis recede and the debts incurred from that time are repaid and restructured Indeed Dubai is now firmly focused on the future with preparations for Dubai Expo 2020 in particular helping nourish its economic recovery development and growth in recent years The event is expected to attract 25m visitors over a six month period and the build up is driving development across several sectors The preparations **The Report: Abu Dhabi 2016** Oxford Business Group,2016-05-09 Subdued oil prices prompted a trimmed federal budget for 2016 as the UAE like other countries in the region tightened its belt in response to falling hydrocarbons revenues However a sustained focus on economic diversification and targeted investment in Abu Dhabi s key non oil sectors in recent years means the emirate is well positioned to weather the storm Looking forward plans for future development are mapped out in Abu Dhabi Economic Vision 2030 a comprehensive economic policy document that aims to reduce dependence on oil and gas thereby creating a more sustainable knowledge based economy for the emirate and its inhabitants Aided by hydrocarbons reserves that are among the world s largest and substantial financial resources Abu Dhabi has built up a strong foundation to become a regional leader and an increasingly important global player in a wide variety of sectors including oil and gas financial services health care aviation and renewable energy **Child Poverty in Kenya** ,2017 **Finance and Development, September 2016** International Monetary Fund. External Relations Dept.,2016-08-31 This issue of Finance Aditya Narain documents the rise of a new breed of hybrid financial technology fintech firms and Sharmini Coorey touts distance learning for better policymaking The issue also examines the impact of remittances on monetary policy de dollarization in Peru and the efficacy of public private partnerships among other topics It also presents profile of Nancy Birdsall the former head of the Center for Global Development who has dedicated her career to fighting poverty and inequality through compelling research *Harnessing the Data Revolution to Achieve the Sustainable Development Goals* Erol K. Yayboke,2017-09-22 Before launching its second round of global goals the Sustainable Development Goals SDGs the United Nations convened a High Level Panel of Eminent Persons on the Post 2015 Development Agenda As part of its final report the Panel called for a data revolution and recommended the formation of an independent body to lead the charge In this report CSIS and JICA RI analyze the challenges and opportunities that exist in the pursuit of the data revolution The report also considers two developing country cases Laos and Myanmar in the broader context of what will be needed to enable leapfrog data

technologies to take hold and ultimately drive the data revolution without following the linear progression of development laid out by countries of the Organization for Economic Cooperation and Development Though not without its bumps and turns the road to the data revolution is paved with promise and possibility **National Family Planning Costed Implementation Plan, 2012-2016**
