English Language Arts ELA curriculum and professional development resources for grades 6-12 to educators across the country. Originally developed for EngageNY and written with a focus on the shifts in instructional practice and student experiences, the standards require Paths to College and Career includes daily lesson plans, guiding questions, recommended texts, scaffolding strategies, and other classroom resources. Paths to College and Career is a concrete and practical ELA instructional program that engages students with compelling and complex texts. At each grade level, Paths to College and Career delivers a yearlong curriculum that develops all students' ability to read closely and engage in text-based discussions, build evidence-based claims and arguments, conduct research, and write from sources, and expand their academic vocabulary. Paths to College and Career's instructional resources address the needs of all learners, including students with disabilities, English language learners, and gifted and talented students. This enhanced curriculum provides teachers with freshly designed Teacher Guides that make the curriculum more accessible and flexible, a Teacher Resource Book for each module that includes all of the materials educators need to manage instruction, and Student Journals that give students learning tools for each module and a single place to organize and document their learning. As the creators of the Paths ELA curriculum for grades 6-12, PCG Education provides a professional learning program that ensures the success of the curriculum. The program includes Nationally recognized professional development from an organization that has been immersed in the new standards since their inception, Blended learning experiences for teachers and leaders that enrich and extend the learning, A train the trainer program that builds capacity and provides resources and individual support for embedded leaders and coaches. Paths offers schools and districts a unique approach to ensuring college and career readiness for all students, providing state-of-the-art curriculum and state-of-the-art implementation.

**H.R. 4271, the National Science Education Act; H.R. 4272, the National Science Education Enhancement Act; and H.R. 4273, the National Science Education Incentive Act** United States. Congress. House. Committee on Science, 2001

**My Kids Can't Write, K-5** Paul Emerich France, 2025-03-04

Practical and sustainable writing practice in every classroom. Teachers consistently grapple with how to make writing fun and engaging. While long-form writing has its value, research shows that balancing genre-based units with frequent on-demand writing tasks to help children communicate effectively and reflect on their learning might be the key to success. My Kids Can't Write provides sustainable and scalable practices for writing across all content areas and shows teachers how to develop structures and rituals for sustaining a journal-based approach to instruction and assessment in classrooms. Inside you'll find Scaffolds and strategies that systematically support students in strengthening their skills while simultaneously writing to learn. Ways to embed foundational skills like spelling and grammar to help students become stronger communicators. The purpose of cognitive writing and how to properly set up journaling within the classroom. Numerous student journal samples and informative vignettes. Now is the time to embed writing into all subjects and emphasize accurately interpreting information, effectively communicating needs, and making learning visible to students and
