function A contrastive analysis of the sentence patterns in these two languages results in postulating a typological group in which cognitive motivations are shown to account for both similarities and differences within the typology Sentence Patterns in English and Hebrew will appeal to scholars of constructional approaches cognitive linguistics typology syntax as well as anyone interested in English and Hebrew

**Ambitious Like a Mother** Lara Bazelon, 2022-04-19 In this captivating and radical look at work life balance Lara Bazelon reframes our understanding of working women and shows how prioritizing your career benefits mothers kids and society at large In this singular cultural moment mothers have unparalleled opportunities to succeed at work while continuing to face the same societal impediments that held back our mothers and grandmothers We still encounter entrenched gender bias in the workplace and are expected to shoulder the lion s share of labor and burdens at home while being made to feel as if we re never doing enough All the while we re told that the perfect work life balance is possible if only we try hard enough to achieve it It s time to change the conversation about work life and balance Work and life are inextricably intimately intertwined We need to celebrate what we do give our children even and especially in moments of imbalance rather than apologizing for what we don t In this way we can model for our children how we use our talents to help others and raise awareness about the issues closest to our hearts We can embrace the personal fulfillment and financial independence that pursuing meaningful work can bring as a way of showing our children how to live happy purpose driven lives Bazelon argues not only that we can but that we should Being ambitious at work and being a good mother to our children are not at odds these qualities mutually reinforce each other Backed up by research and filled with personal stories from Bazelon s life as well as that of her mother and the many other women she interviewed across the cultural and financial spectrum Ambitious Like a Mother is an anthem a beacon for all to recognize and celebrate the pioneering women who reject the false idols of the Selfless Mother and Work Life Balance and a call to embrace your own ambitions and model your multiplicities for your children
