Anglade,2006 A Mosaic of Ninety Miniatures in French and English translated from the French by Anne Pease McConnell
Haitian Laughter is constructed around the lodyans a narrative genre that has blossomed in Haiti as an art of miniatures The substantial reduction in scale that presides over their creation allows only the significant features to remain like a medieval illumination a Japanese bonsai or simply a small sized map of an immense territory This makes each miniature a dwarf sized saga which lets us glimpse the larger dimension of the original of which it is a reduced model Bilingual French and English
