understanding concepts rather than memorizing rules Students take ownership while acquiring the necessary skills to solve meaningful math problems It has been a real benefit having problem sets that are explicitly designed to guide students through the development of their understanding of the how and why behind the concepts they are studying See more testimonials at www.summitmathbooks.com *Area Model Factoring* June Mark,2014-09 *Dale Seymour Products Math Motivator Packs Library Grade One 2003* Dale Seymour Publications,2002-07-01
