Fountain Valley 1972 Michael A. Joseph, Esq., 2016-06-02 I have taught for two generations and was a reading coordinator Being an avid reader I can honestly say that this is the best literary work I have read A Bryan Amazon.com Five star review As the world's attention was focused on the massacre of Israeli athletes at the Munich Olympic Games on September 6 1972 the Fountain Valley Golf Course in the U.S. island of St Croix hours later was invaded by five masked gunmen Within minutes eight people including tourists and employees lay dead It raced around the globe as a black on white massacre even though in St Croix where we locals refer to whites as Continentals and to blacks as Yankees America's skin color drama does not exist Prior to the slayings a Vietnam vet tried to kill two cops cuffing his fellow combat veteran who'd stolen money for heroin to which they both became hooked while in Vietnam The shooter got away but the hunt for him was relentless He sought refuge in my brother's camp where

three other young men were visiting With them he set off the Fountain Valley massacre called one of the most vicious crimes in the annals of Western civilization The four were clueless to the vet's scheme to make the killing appear to be racially motivated All five were captured tortured and sentenced to eight consecutive life terms In 1984 the vet convict escaped by hijacking an airliner into Cuba where he remains today In 1994 my brother Rafie was released based on his rehabilitation such as tutoring hundreds of prisoners to achieve their GEDs Because the killings were publicized as a black on white crime his freedom was bitterly protested and caused a Continental prosecutor to block Rafie's admission to the University of California at Santa Cruz doctorate program Besides he was blackballed from paraprofessional work So Rafie committed suicide While a conventional page turner could've easily been written from this harrowing story an erudite and poetic journey takes the reader into a larger context embracing a scholarly overview of U S racism Even in Part Two's exposition of the true crime and family sagas it rejects conventional linear narrative in favor of a sometimes dream like and suggestive style that reveals key facts along the way I highly commend this rich and absorbing book for its insights Peter Goldberger Third Circuit Bar President The concerns in this book are of global scope Prof Dannabang Kuwabong UPR *Farmers' Guide* ,1902

Learning to Think: A Memoir of Faith, Superstition, and the Courage to Ask Questions Tracy King,2024-04-09

Set in 1980s Birmingham England a piercing memoir about the liberating power of a scientific view of the world Tracy King was raised in a house of contradictions her family was happy and creative yet shadowed by debt phobias her father's alcoholism and the illusory promises of a born again Christian church The uneasy balance of the King household was irrevocably upended on a rainy spring night in 1988 when her father was killed by teenagers just blocks from their public housing estate Her mother's dysfunctional reliance on the church deepened following the tragedy and King suffering from undiagnosed anxiety stopped attending school The account of her father's death remained hazy made worse by the fact that four of the accused teenagers neighborhood boys she could not avoid were never charged What could have triggered such an act of aggression Clinging to hearsay and what little information she had from the police King allowed her imagination to fill in the rest Over the years in a bid to balm her grief and gaps in formal education King journeyed through multiple belief systems she distanced herself from fundamentalism searching for clarity instead in the occult paranormal beliefs and conspiracy theories Amid the chaos of her coming of age she stumbled upon a copy of Carl Sagan's *The Demon Haunted World* on the shelves of a Birmingham bookshop a discovery that proved transformative Sagan's sage caveat But I could be wrong became King's guiding light empowering her to confront her demons An eloquently written and often sharply funny account that is ever sensitive to the fallibility of memory and the nuances of truth **Learning to Think** is a resounding battle cry for the value of education and the freedom to think critically imaginatively and for oneself **Independent and Weekly Review** ,1884 *The Saturday Review of Politics, Literature, Science and Art* ,1862 *The Homiletic Review* ,1899
