machinery is both a minicourse for transforming used boat shopping from a game of craps to a science and the first step in a holistic boat maintenance program His discussion of the significance of cracks found in aging hulls and decks is the most thorough in print He is not shy in assessing the lack of regulation of professional surveyors nor does he shrink from pointing a finger at shoddy building practices Having a used boat surveyed is a critical prelude to buying it Yet a professional survey is expensive several hundred dollars Surveying Fiberglass Sailboats will enable you to conduct your own surveys while narrowing the field then monitor a professional surveyor s performance when selecting your target boat The Woodenboat ,1998 **Cruising World** ,1987-01 **Inspecting the Aging Sailboat** Don Casey,2004-08-17 the perfect place to begin or continue your education Sailing Whether you are shopping for a used fiberglass boat or prioritizing maintenance tasks on the one you already own this book saves money and perhaps even disaster With clear step by step drawings and instructions Don Casey explains how to recognize problems both surface and hidden and how to separate cosmetic flaws from serious faults
