Paper 1 - UK Geographical Issues - Fieldwork - Work Booklet

Topic

1. Suggest a simple question or hypothesis for the students to explore in their investigation.

Has the amount of water discharged in the morning increased since the eruption?

The first part of this response is good although there is a bit less of a focus on the data that is used. The second part of the response is good as it shows the student has used the data to answer the question.

Do not leave things unexplained. Always explain these with a hypothesis or a prediction - why might this happen?

12. Suggest how the use of different survey techniques might help to answer the question about the level of the water in the lake.

12. Suggest how the use of different survey techniques might help to answer the question about the level of the water in the lake.

There is a bit more focus on the data that is used. The student has used the data to answer the question.
