Indigenous knowledge systems and climate change management in Africa Ajayi, O.C. (ed), Mafongoya, P.L. (ed), 2017-11-15 Climate change presents a profound challenge to food security and sustainable development in Africa Its negative impacts are likely to be greatest in the African region which is already food insecure In the face of global climate change and its emerging challenges and unknowns it is essential that decision makers base policies on the best available knowledge In recent years the knowledge of local and indigenous people often referred to as indigenous knowledge IK has been increasingly recognised as an important source of climate knowledge and adaptation strategies **Urban Recycling Cooperatives** Jutta Gutberlet, 2016-05-12 Solid waste is a major urban challenge worldwide and decisions over which technologies or methods to apply can have beneficial or detrimental long term consequences Inappropriate management of solid waste can lead to damaging environmental impacts particularly in the megacities of the Global South Urban Recycling Cooperatives explores the multiple narratives and interdisciplinary nature of waste studies drawing attention to the pressing social economic and environmental challenges related to waste management The book asks questions such as how do we define waste and our relation to it who is involved in dealing with waste and what power interactions become manifest over issues of accessing and managing waste In recent years informal cooperatives have emerged devoted to recycling household and business waste before reclassifying it and redirecting it to the authorities Hence these workers are able to reclaim significant amounts of natural resources and thus contribute to the saving of resources and lessened waste management expenditures With particular reference to the Brazilian megalopolis of S o Paulo this book describes this paradigm shift in the general understanding of waste as unwanted discard towards the recognition of waste as a resource that must be recovered for reuse or recycling It would be of interest to students and policy makers working in international development and waste management The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license **Rural Victims of Crime** Rachel Hale, Alistair Harkness, 2022-12-30 Rural Victims of Crime offers a pioneering sustained assessment of the rural victim It does so by examining and analysing the conceptual constructs of a victim and challenging the urban bias of victimisation and victimology in criminological study Indeed far too much criminological scholarship is based on the false assumption that

rural areas are relatively crime free and thus free too of victims Providing international perspectives chapters in this edited collection focus centrally on notions of place and space and constructions of rural victims in a variety of contexts exploring the impact that geographic location has on the type and prevalence of victimisation The concept of victimisation is often considered in terms of interpersonal relationships between humans neglecting the potent impact of victimisation of non humans and the natural and built environment Rural Victims of Crime discusses existing notions of victimology in relation to non human subjects broadening conceptualisations of the victim and associated impacts resulting from victimisation Structured in three parts Rural Victims of Crime conceptualises the rural victim enhances understanding of the realities of rural victimisation and considers both formal and informal responses to rural victimisation Chapters are accompanied by practical contemporary case studies to connect theory with praxis This book is an essential and valuable resource for academics students and practitioners alike in the fields of criminology criminal justice rural studies victimology geography sociology and spatiality *Annuaire Des Organisations Internationales* , **Geography** ,2024
