are best handled at the local level This line of thinking is particularly true to the higher education context where the design
and implementation of sustainability initiatives on campuses can demonstrate how a given university translates the principles
of sustainable development into practice at the institutional level Yet there is a paucity of specific events where a dialogue
among sustainability academics and practitioners concerned with a research projects b teaching and c planning and infra
structure leading to campus greening takes place so as to allow a transdisciplinary and cross sectoral exchange of ideas and
experiences on the issues matters and problems at hand It is against this background that this book has been prepared It is
