Freeing the Presses Timothy E. Cook, 2006-08-01 Most Americans consider a free press essential to democratic society either as an independent watchdog against governmental abuse of power or as a wide open marketplace of ideas But few understand that far reaching public policies have shaped the news citizens receive In an age when mass communication ranges from independent cable channels to the Internet it is essential to assess these policies and their effects if we want the media to continue fulfilling their role *Freeing the Presses* offers a pathbreaking inquiry into the theory and practice of freedom of the press at a critical time in the growing overlap between modern media and political discussion Six political communication scholars draw upon history sociology political science legal philosophy and journalism to investigate whether the freedoms and privileges given to the news media and to reporters actually produce the results we expect Their discussion covers past present and future media performance and engages a wide range of provocative questions

Tears of Rage Sheldon Brivic, 2008 In this provocative study Shelly Brivic presents the history of the twentieth century American novel as a continuous narrative dialogue between white and black voices Exploring four of the most renowned and challenging works written between 1930 and 1990 William Faulkner's *Absalom Absalom* Richard Wright's *Native Son* Thomas Pynchon's *V* and Toni Morrison's *Beloved* Brivic traces how these works progress through the interaction of white and black perspectives toward confronting the calamity of slavery and its reverberating aftermath and continuing legacy Brivic shows how one novel leads ineluctably to the next and how the four works in a sense form one continuous narrative with Faulkner's attack on the racial system in *Absalom Absalom* in the 1930s a literary space opened for Wright's devastating novel of protest Through the character of Bigger Thomas Wright's *Native Son* exposes a virtually incurable division in American ideologies which leads to the multiplying perspectives of postmodernism in Pynchon's *V* Arriving at the crest of the civil rights movement *V* questions Western systems of control laying a foundation for a world outside the white one and so providing a basis for the African view of reality presented in Morrison's *Beloved* The emergence of African consciousness in American literature exemplified across these works has had and continues to have Brivic concludes the potential not only to redress ongoing injustices but to bring about a new conception of the American universe and its laws of reality Striking in both the selection of novels and the connections Brivic draws among them *Tears of Rage* advances understanding of the destructive nature of racism and the possibilities for overcoming its effects through literature

Redesigning Identity Catharine M. Fishel, 2000 Image is king Ten case studies plus an international showcase of work illustrate how a new visual identity can define a company and communicate its goals to the marketplace Visual identity is a signature learn how top firms redesign graphic signatures with success **Precious Perversions** Tison Pugh, 2016-03-21 The tragic sentiment of Southern literature and its heteronormative perspective are foundational attributes generally accepted by both popular and scholarly audiences Yet a pantheon of great authors ranging from like Tennessee Williams Carson McCullers and Truman Capote to present day voices of Alice Walker John Waters and David Sedaris collectively attest to both the vibrancy of queer experience and the prevalence of humor found in this rich regional cannon In *Precious Perversions* Humor Homosexuality and the Southern Literary Canon Tison Pugh challenges the premises that elevate William Faulkner and diminish Florence King that esteem Walker Percy yet marginalize David Sedaris by arguing for the inclusion of gay comic authors as long standing defining voices in the field By redefining the tenets of Southern literature Pugh reveals long overlooked or discounted aspects of gay humor within the South's literary realm Noting for example that Tennessee Williams is revered as a dramatist who probes the heart of the human condition rather than for his submerged camp humor and Truman Capote's comic cinema and literature never eclipsed serious works Pugh establishes a history of mainstream and academic critique that ignored queer humor Likewise Florence King and Rita Mae Brown wrote defining narratives of Southern lesbian experience in respectively *Confessions of a Failed Southern Lady* and *Rubyfruit Jungle* yet according to Pugh they are almost entirely neglected in accounts of the literary South More recently the author shows the critical reception of Dorothy Allison's *Bastard Out of Carolina* testifies to an overarching interest in the traumatic aspects of her poetry and fiction rather than in her humor and its cathartic power Pugh also asserts that David Sedaris as a writer of the post Southern South who appears to fall beyond the parameters of regional literature for many readers creates a new humorous vision of the region that recognizes both its pained history and its grudging accession to modernity Drawing from works of key southern writers Pugh sets forth a new vision of Southern literature emerges one illuminated by the humor of gay voices no longer at the margins Morality & Contemporary Warfare James Turner Johnson, 2001-01-01 In this study James Turner Johnson refocuses the moral analysis of war on the real problems of today's armed conflicts He argues that moral debates about nuclear war and annihilation fail to address the problems of using of military force
