

High School Musical Monologue

Choose one part to practice and audition for!

SHARPAY: *(quietly speaking to Ryan)* They must be trying to figure out a way to make sure Troy and Gabriella actually beat us out. *(Sharpay and Ryan grimace)* The jocks run most of the school, but if they get Troy into the musical then they've conquered the entire student body. And if those science girls set Gabriella up with Troy Bolton, the scholastic club goes from drool to cool. *(Sharpay starts panicking)* Ryan, we need to save our show from people who don't know the difference between a Tony Award and Tony Hawk!

RYAN: *(speaking to Sharpay about the musical)* What do part do I want? Gosh, I wouldn't know what to pick.....but I know how it's going to go! *(Ryan turns to face Sharpay, acting out the scene he describes)* Picture it: me, center stage, a single spotlight.....a huge marquee that reads *(Ryan lifts his hands to show off the imaginary marquee)* "Ryan Evans, actor, singer, and choreographer extraordinaire"! The audience throws flowers, critics rave about me in the press – and my performance is so amazing that Julliard offers me a full scholarship to their dance program!

incisive biography and sweeping cultural history conjures the many worlds Davis Jr traversed and shows how the issue of race in his own mind and in the minds of his fans and detractors shaped his career and life The New York Times For decades one of America's most recognizable stars the real Sammy Davis Jr has long remained hidden behind the persona the performer so vigorously generated and so fiercely protected Here Wil Haygood brings Davis's life into full relief against the backdrop of an America in the throes of racial change He made his living entertaining white people but was often denied service in the very venues he played and in his broad and varied friendships not to mention his romances Davis crossed racial lines in ways few others had In *Black and White* vividly draws on painstaking research and more than two hundred and fifty interviews to trace Davis Jr's journey from the vaudeville stage to Broadway Hollywood and of course Las Vegas It is an important record of a vanished America and of one of its greatest entertainers Theatre of Anger Olivia Landry,2020-11-03 In *Theatre of Anger* Olivia Landry offers a provocative new vision of anger as more than just hate and violence Studying the work of a new generation of transnational theatre practitioners in Berlin she illuminates how anger can be an affirmative and critical tool in the project of social justice and resistance To develop her theory of anger Landry delves into philosophical texts theatre history and Black feminist theory from Aristotle Gotthold Ephraim Lessing and Bertolt Brecht to Audre Lorde bell hooks and Sara Ahmed Landry focuses not only on the social and political significance of the theatre of anger and the ways in which it rages against racism antisemitism Islamophobia sexism and homophobia but also on its aesthetic and theoretical innovation Through readings of key works *Theatre of Anger* asks what it means in our present world to construct political theatre *Performing Age in Modern Drama* Valerie Barnes Lipscomb,2016-07-14 This book is the first to examine age across the modern and contemporary dramatic canon from Arthur Miller and Tennessee Williams to Paula Vogel and Doug Wright All ages across the life course are interpreted as performance and performative both on page and on stage including professional productions and senior theatre groups The common admonition act your age provides the springboard for this study which rests on the premise that age is performative in nature and that issues of age and performance crystallize in the theatre Dramatic conventions include characters who change ages from one moment to the next overtly demonstrating on stage the reiterated actions that create a performative illusion of stable age Moreover directors regularly cast actors in these plays against their chronological ages Lipscomb contends that while the plays reflect varying attitudes toward performing age as a whole they reveal a longing for an ageless self a desire to present a consistent unified identity The works mirror prevailing social perceptions of the aging process as well as the tension between chronological age physiological age and cultural constructions of age **Education and the Female Superhero** Andrew L. Grunzke,2019-12-17 Considering a variety of female superhero narratives including World War II era Wonder Woman comics the 1970s television programs *The Secrets of Isis* and *The Bionic Woman* and the more recent *Buffy the Vampire Slayer* *Education and the Female Superhero* Slayers Cyborgs Sorority Sisters and Schoolteachers argues that they share a vision of

education as the path to female empowerment In his analysis Andrew L Grunzke examines female superheroes who are literally teachers or students exploring examples of female superheroes whose alter egos work as schoolteachers or attend school during the workday and fight evildoers when they are outside the classroom Taking a broader view of education Grunzke argues that the superheroine in popular media often sees and articulates her own role as being an educator In these narratives female superheroes often take it upon themselves to teach self defense tactics prevent victimization and encourage people especially female victims to pursue formal education Moreover Grunzke shows how superheroines tend to see their relationship with their adversaries as rehabilitative and educative trying to set them on the correct path rather than merely subdue or dominate them

The Longer We Were There Steven Moore, 2019-09-15 The war in Afghanistan creates an urgency for telling stories between soldiers as they hand off missions to each other and between soldiers and civilians trying to explain what is going on while also denying a lot of the context that is important for the telling of that story The landscape is so mountainous and isolating that one incident or anecdote might not fit into a bigger picture beyond itself A patrol may have no effect on the one that comes next The war has ground itself into such a stasis that it is hard to see movement or plot Yet we're there We have to say something We have to be accountable even though the circumstances complicate the ability to talk about it while simultaneously creating a constant yearning to do so The Longer We Were There follows a part time soldier's experience over seven years in the Iowa Army National Guard He enlists at seventeen into the infantry then bounces between college classes army training disaster relief civilian jobs a deployment in Afghanistan first on the Afghan Pakistani border then into a remote valley in the Hindu Kush Mountains and finally comes home His stories are about having one foot on each side of the civilian military divide the difficulty of describing one side to those on the other and how as a consequence of this difficulty that divide gets replicated within the self

English Mechanic and World of Science, 1888 **History of Sandusky County, Ohio**, 1882 Literature, Migration and the 'War on Terror' Fiona Tolan, Stephen

Morton, Anastasia Valassopoulos, Robert Spencer, 2013-09-13 This is a major new collection of essays on literary and cultural representations of migration and terrorism the cultural impact of 9 11 and the subsequent war on terror The collection commences with analyses of the relationship between migration and terrorism which has been the focus of much mainstream political and media debate since the attacks on America in 2001 and the London bombings in 2005 not least because liberal democratic governments in Europe and North America have invoked such attacks to justify the regulation of migration and the criminalisation of minority groups Responding to the consequent erosion of the liberal democratic rights of the individual leading scholars assess the various ways in which literary texts support and or interrogate the conflation of narratives of transnational migration and perceived terrorist threats to national security This crucial debate is furthered by contrasting analyses of the manner in which novelists from the UK North Africa the US and Palestine have represented 9 11 exploring the event s contexts and ramifications This path breaking study complicates the simplistic narratives of revenge and wronged innocence commonly used to make sense of the attacks and to justify the US response Each novel discussed seeks to interrogate and analyse a discourse typically dominated by consent belligerence and paranoia Together the collected essays suggest the value of literature as an effective critical intervention in the very fraught political aftermath of the war on terror This book was published as a special issue of the Journal of Postcolonial Writing
