How To Ride A Four Wheeler For The First Time:

Enough Cassidy Hutchinson, 2023-09-26 1 NEW YORK TIMES BESTSELLER Cassidy Hutchinson's desk was mere steps from the most controversial president in recent American history and she provides a riveting account of her extraordinary experience as an idealistic young woman thrust into the middle of a national crisis where she risked everything to tell the truth about President Trump and some of the most powerful people who surrounded him. Ever since a childhood visit to Washington DC Cassidy Hutchinson aspired to serve her country in government. Raised in a working class family with a military background she was the first in her immediate family to graduate from college. Despite having no ties to Washington Hutchinson landed a vital position at the center of the Trump White House. Her life took a dramatic turn on January 6th 2021 when at twenty four she found herself in one of the most extraordinary and unprecedented calamities in modern political history. Hutchinson was faced with a choice between loyalty to the Trump administration or loyalty to the country by revealing what she saw and heard in the attempt to overthrow a democratic election. She bravely came forward to become the pivotal witness in the House January 6 investigations as her testimony transfixed and stunned the nation. In her memoir Hutchinson reveals the struggle between the pressures she confronted to toe the party line and the demands of the oath she swore to defend American democracy. *Enough* reaches far beyond the typical insider political account. It's the saga of a woman whose bravery and patriotism Liz Cheney former US Representative helped her overcome childhood challenges to get her dream job only to face a crisis of conscience one that more senior White House aides tried to evade and in the process find her voice and herself. As the New York Times noted In this age of political cowardice and self dealing it can be easy to forget that public service is supposed to be a noble calling. Cassidy Hutchinson reminded us what that looks like. This is a portrait of how the courage of one person can change the course of history. *10 STEPS FOR ABUNDANT SUCCESS & WEALTH* ARYAN CHOURAWAR, 2021-06-11 There are only 1% or 2% of the world population actually living the life they want to live.
