Feature Articles by Willard Grosvenor Bleyer Willard Grosvenor Bleyer,2016-05-03 This book is the result of twelve years experience in teaching university students to write special feature articles for newspapers and popular magazines By applying the methods outlined in the following pages young men and women have been able to prepare articles that have been accepted by many newspaper and magazine editors The success that these students have achieved leads the author to believe that others who desire to write special articles may be aided by the suggestions given in this book Although innumerable books on short story writing have been published no attempt has hitherto been made to discuss in detail the writing of special feature articles In the absence of any generally accepted method of approach to the subject it has been necessary to work out a systematic classification of the various types of articles and of the different kinds of titles beginnings and similar details as well as to supply names by which to identify them A careful analysis of current practice in the writing of special feature stories and popular magazine articles is the basis of the methods presented In this analysis an effort has been made to show the application of the principles of composition to the writing of articles Examples taken from representative newspapers and magazines are freely used to illustrate the methods discussed To encourage students to analyze typical articles the second part of the book is devoted to a collection of newspaper and magazine articles of various types with an outline for the analysis of them Particular emphasis is placed on methods of popularizing such knowledge as is not available to the general reader This has been done in the belief that it is important for the average person to know of the progress that is being made in every field of human endeavor in order that he may if possible apply the results to his own affairs **How To Write Special Feature Articles** Willard Grosvenor Bleyer,2019-09-25 Reproduction of the original **How To Write Special Feature Articles** by Willard Grosvenor Bleyer **How To Make Your Sales Sizzle in 17 Days** Elmer Wheeler,2016-11-11 If you want to improve your present selling ability If you need a brushing up job after the past few non selling years Or if you are in another business and feel you want to enter selling Then this is the course for you Read on If

you abhor long courses that take months and months If the idea of learning how to sell in 17 weeks if you prefer or 17 days if you are up to it appeals to you If you have a sales manual that needs modernizing with Tested Selling Sentences or if you want to build one from scratch Then read on This is YOUR QUICKIE COURSE by America s foremost authority on selling and manual building Elmer Wheeler is not just a teacher but a doer a man with a list of clients that reads like a Who s Who of American business You can practice a chapter a day or a chapter a week and learn this amazing new Sizzle Way of selling and manual building that has been used by 247 sales corporations for 19 successful years Read on Time is valuable Few salesmen have much time these days to study Beginners are busy too perhaps on other jobs yet they want to enter the field of selling What is their solution It is this a short course in selling that is concise to the point minus frills and kindergarten stuff Yet a course that embodies everything a salesman needs to know before he makes a call or before the beginner applies for his first selling job It is for the salesman with little time yet a desire to improve himself in 17 ways in 17 days It is for the beginner who wants to get his first job and hold it It s for any person or firm large or small who wants to build an up to date Sales Manual and test it out It s for everybody or anybody who wants to sit at the feet of the Master Salesman Elmer Wheeler for 17 days and learn the highlight skills of salesmanship in 17 ways *NRB Sales Training Manual* National Research Bureau, inc,1953 **Popular Mechanics** ,1952-10 Popular Mechanics inspires instructs and influences readers to help them master the modern world Whether it s practical DIY home improvement tips gadgets and digital technology information on the newest cars or the latest breakthroughs in science PM is the ultimate guide to our high tech lifestyle **Class** ,1927
