Writing That Makes Sense, 2nd Edition David S. Hogsette, 2019-11-05. The second edition of Writing That Makes Sense takes students through the fundamentals of the writing process and explores the basic steps of critical thinking. Drawing upon over twenty years of experience teaching college composition and professional writing, David S. Hogsette combines relevant writing pedagogy and practical assignments with the basics of critical thinking to provide students with step by step guides for successful academic writing in a variety of rhetorical modes. New in the second edition: Expanded discussion of how to write effective thesis statements for informative, persuasive, evaluative, and synthesis essays, including helpful thesis statement templates. Extensive templates introducing students to conventions of academic discourse, including integrating outside sources, interacting with other writers' ideas, and dialoguing with multiple perspectives. Examples of academic writing from different disciplines illustrating essay titles, abstracts, thesis statements, introductions, conclusions, and voice. Expanded discussion of voice in academic writing, including an exploration of active and passive voice constructions in different disciplines and tips on how to edit for clarity. A new chapter on writing in the disciplines. Updated sample student papers. New readings with examples of opposing views and multiple perspectives.

The New Roadmap for Creating Online Courses Catherine R. Barber, Janet K. McCollum, Wendy L. Maboudian, 2020-06-11. Are you ready to create an online course but do not know where to start? Do your online learners seem isolated and disengaged? Are your online courses effective enough for the current competitive market? Whether you are an instructor, instructional designer, or part of a team, this interactive workbook will help you create effective online courses to engage your learners. Key features of the workbook include: integrating cognitive, social, and emotional aspects of learning; explaining the central role of self-reflection, dialogue, and realistic application; the incorporation of themes, scenarios, and characters to provide relevant and meaningful learning experiences; and the use of semiotics for inclusion of diverse learners. As you journey through the course creation process in this workbook, you will expand your ideas.

and discover new possibilities for the students taking your online course Writing to Learn: An Introduction to Writing Philosophical Essays Anne Michaels Edwards, Anne Edwards, 1999-10-21 Based on the premise that one of the best ways for a student to understand a topic is to write about it this is a book that teaches students how to write philosophical essays Geared toward first time philosophy students the book is a supplement for any Philosophy course in which the instructor requires the students to write essays Most of the work involved in a Philosophy class is reading assigned material thinking about it and then writing about it whether on an exam or in an essay written outside of class This book is designed to make all three of those activities easier Writing to Learn begins with helpful hints on how to read philosophy chapter 2 In chapters 3 through 7 students are guided through several different types of essays beginning with the simplest summaries that demonstrate knowledge and understanding and progressing through essays that require the application of theories to new situations the analysis and evaluation of arguments used and finally the synthesis of several theories or arguments

The Realms of Rhetoric Joseph Petraglia, Deepika Bahri, 2003-10-01

Argues for a more theoretically informed and cogent curricular space for rhetoric in the academy In *The Realms of Rhetoric* contributors from a wide range of disciplines explore the challenges and opportunities faced in building a curricular space in the academy for rhetoric Although rhetoric education has its roots in ancient times the modern era has seen it fragmented into composition and public speaking obscuring concepts theories and skills Petraglia and Bahri consider the prospects for rhetoric education outside of narrow disciplinary constraints and together with leading scholars examine opportunities that can propel and revitalize rhetoric education at the beginning of the millennium The teaching of rhetoric of how to think together and talk together and read and write together is the most important of all vocations and this book is a step toward uniting those of us who under whatever disciplinary label see it that way from the Foreword by Wayne C Booth The great strength of this book is that Petraglia and Bahri were able to collect essays that all pursue a common goal the articulation of a common trans disciplinary rhetoric education without sacrificing coherence Bruce McComiskey author of *Gorgias* and the *New Sophistic Rhetoric* Unlike many books and articles that purport to address issues of the teaching of rhetoric or rhetorical skills this collection manages to keep its focus on pedagogy and curriculum in a way that illuminates both the problems facing rhetoric education today and the prospects for revitalizing it in the near future Robert Yagelski coeditor of *The Relevance of English Teaching that Matters in Students Lives* Contributors include Deepika Bahri Anne Beaufort David Bleich Wayne C Booth M Lane Bruner Michael Carter Grant C Cos Ellen Cushman Thomas J Darwin David Fleming William D Fusfield Victoria Gallagher Hildegard Hoeller Walter Jost Carolyn R Miller Thomas P Miller Rolf Norgaard Joseph Petraglia and John T Scenters Zapico
